TABLE OF CONTENTS

Effective Dates & Ordering Instructions 11-13

Overview of Awarded Specifications 13

Delivery Conditions 43

Awarded Dealers 44

Basic Information REQUIRED for Purchase Orders 51

Zone Map 52

Specification #1 – Off-Road All Terrain Vehicles - 4 Wheel Drive
- Awarded Dealer(s) 53
- Base Specifications 54
  - Honda Four Trax Foreman 500 55
  - Polaris Sportsman 570 EF 58
  - Suzuki King Quad 61
  - Yamaha Grizzly 550 64

Specification #2 – Off-Road Utility Vehicles - 4 Wheel Drive
- Awarded Dealer(s) 68
- Base Specifications 70
  - Bobcat 3400 71
  - Case IH Scout XL 74
  - Honda Pioneer 700 77
  - John Deere Gator HPX 80
  - Kawasaki 4010 84
  - Kubota Diesel 88
  - New Holland Rustler 125 91
  - Polaris Brutus Diesel 94
  - Polaris Ranger 570 EFI 97
  - Yamaha Viking 101

Specification #3 – 1 Ton Cab & Chassis (Dual Rear Wheel) - 4x2
- Awarded Dealer(s) 104
- Base Specifications 105
  - Chevrolet Silverado 3500 HD (RO)*
  - Dodge Ram 3500 107
  - Ford F-350 112
  - Freightliner Sprinter 119
  - GMC Sierra 3500 HD (RO)*
    (Must be purchased from 12-10-0905 Bid Award Announcement - Spec. #01)

Specification #4 – 1 Ton Cab & Chassis (Dual Rear Wheel) - 4x4
- Awarded Dealer(s) 124
- Base Specifications 125
  - Chevrolet Silverado 3500 HD (RO)*
  - Dodge Ram 3500 127
  - Ford F-350 132

Specification #4 – 1 Ton Cab & Chassis (Dual Rear Wheel) - 4x4 *(continued)*
GMC Sierra 3500 HD (RO)*
(Must be purchased from 12-10-0905 Bid Award Announcement - Spec. #02)

Specification #5 – Tilt Cab & Chassis (Dual Rear Wheel) - 4x2
Awarded Dealer(s) 139
Base Specifications 140
Isuzu NF154 142
Kenworth K270 147
Mitsubishi FE125 153
Peterbilt 210 157

Specification #6 – 15,000 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x2
Awarded Dealer(s) 163
Base Specifications 164
Dodge Ram 4500 166
Ford F-450 171
International Terrastar 179

Specification #7 – 15,000 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x4
Awarded Dealer(s) 185
Base Specifications 186
Dodge Ram 4500 188
Ford F-450 193
International Terrastar 201

Specification #8 – 17,501 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x2
Awarded Dealer(s) 207
Base Specifications 209
Dodge Ram 5500 211
Ford F-550 216
Freightliner M2 224
International Terrastar 229
Kenworth T170 235
Peterbilt 325 242

Specification #9 – 17,501 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x4
Awarded Dealer(s) 248
Base Specifications 249
Dodge Ram 5500 251
Ford F-550 256
International Terrastar 264

Specification #10 – 25,500 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x2
Awarded Dealer(s) 270
Base Specifications 271
Ford F-650 273
Freightliner M2 281
Hino 268A 287
International Durastar 293
Kenworth T270 300
Peterbilt 330 309

Specification #11 – 30,000 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x2
Awarded Dealer(s) 316

Specification #11 – 30,000 lb. GVWR Cab & Chassis (Dual Rear Wheel) - 4x2 *(continued)*
Base Specifications 318
Ford F-750 320
Freightliner M2 331
Hino 338 339
International Durastar 345
Kenworth T370 353
Peterbilt 337 364
Western Star 4700 373

Specification #12 – 52,000 lb. GVWR Cab & Chassis - 4x6 Tandem Axle Tractor (Only)
Awarded Dealer(s) 380
Base Specifications 382
Caterpillar CT660 384
Freightliner M2-112 388
International Workstar 392
Kenworth T800 397
Mack C or G Series 403
Peterbilt 367 410
Volvo V Series 415
Western Star 4800 419

Specification #13 – 52,000 lb. GVWR Cab & Chassis - 4x6 Tandem Axle Truck
Awarded Dealer(s) 423
Base Specifications 425
Caterpillar CT660 427
Freightliner M2-112 432
International Workstar 437
Kenworth T800 442
Mack C or G Series 449
Peterbilt 367 456
Volvo V Series 462
Western Star 4700 467

Specification #14 – 60,000 lb. GVWR Cab & Chassis - 4x6 Tandem Axle Refuse Truck (Only)
Awarded Dealer(s) 471
Base Specifications 472
Autocar ACX64 474
Crane Carrier LET2 479
Mack MR Series 484
Peterbilt 320 492

Specification #15 – 15 ft. Flex Wing Rotary Mower - PTO Driven
Awarded Dealer(s) 499
Base Specifications 501
Alamo Eagle 15 502
Bush Hog 3815 505
Diamond DFW180C 508
John Deere HX15 510
Landpride Batwing 513
Rhino FR180 516
Schulte FX-1800 519
Woods BW180HD 1522

Specification #16 – Zero Turn Radius Commercial Grade Mower
Awarded Dealer(s) 525
Base Specifications 527
Bad Boy Outlaw 6100 529
Bush Hog EC2561KH2 532
eXmark Lazer Z S-Series 535
Gravely Proturn 260 538
Hustler X One 541
John Deere Z930M 544
Kubota ZG327P-60 547
Tiger TG3061 550
Toro 74925 553

Specification #17 – 12.5 Deck, Large Diesel Ride-On Industrial Wide Area Mower
Awarded Dealer(s) 556
Base Specifications 557
MowerMax 75-12.5 Wide Area 559

Specification #18 – Small Agriculture Type Tractor (4 Wheel Drive)

DATE: October 1, 2013

TO: **ALL PROSPECTIVE PARTICIPANTS**

FROM:

Steve Casey	Lynn Meek	Peggy Goff	Drew Terpak
Executive Director	Coordinator	Contract Manager	Contract Specialist

RE: **OFF-ROAD UTILITIES, MEDIUM/HEAVY TRUCKS, & OTHER FLEET EQUIPMENT**
Bid No. 13-11-0904

We are pleased to announce that the Florida Sheriffs Association and the Florida Association of Counties has successfully conducted its 11th statewide competitive bid for vehicles which includes trucks, backhoes, motorgraders, agriculture type tractors, skid steer loaders and regenerative air street sweepers. **This contract is effective beginning October 1, 2013 through September 30, 2014, as long as vehicles are available through fleet.**

Bids will be extended and guaranteed to any and all units of local governments and political subdivisions including, but not limited to, county, local county board of public instruction, municipalities and/or police agencies, other local public or public safety agencies or authorities within the State of Florida. In addition, bids will be extended and guaranteed to ny other entities approved by manufacturers to participate in this contract.

In order to ensure quality service for our user agencies, we are requesting each of you to notify the Florida Sheriffs Association regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at dterpak@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.

Also, when purchasing options, as required in Part C, Special Conditions (continued), dealers are required to offer some discount below manufacturer's standard retail pircing (MSRP) for any factory add options.

All interested parties who wish to purchase from this contract may do so by following these simple procedures:

ORDERING INSTRUCTIONS

1. Contact the awarded dealership (see pages 44-50) listed in the zone from which you wish to purchase and advise them of your interest to purchase from **Bid No. 13-11-0904**. They will assist you with the placement of your order and answer any questions you may have regarding the

vehicles purchased through this program. **You can only purchase from a dealer who is listed as a winner of one of the four zones for the vehicle you wish to purchase.**

Agencies ordering a FORD, GENERAL MOTORS, CHRYSLER, or TOYOTA product, please be advised that you must use the appropriate FIN CODE/FAN CODE for the Florida Sheriffs Association in order to obtain the manufacturer's concessions. Also, you must use your FIN CODE/FAN CODE as a secondary number. For further assistance call the Fleet Customer Information Center for your appropriate manufacturer.

Manufacturer	**Type Code**	**FSA Code**	**Fleet Center Contact Numbers**	
FORD	FIN CODE	QE065	1-800-34-FLEET	(1-800-343-5338)
GENERAL MOTORS	FAN CODE	917872	1-800-FLEET OP	(1-800-353-3867)
CHRYSLER	FAN CODE	49313	1-800-999-FLEET	(1-800-999-3533)

2. **YOU MUST send a copy of the original purchase order (including FSA's Contract No. 13-11-0904) submitted to the participating dealer by mail or electronically to:**

   Florida Sheriffs Association
   P. O. Box 12519
   Tallahassee, Florida 32317-2519
   ATTN: Lynn Meek, Cooperative Bid Coordinator
   lmeek@flsheriffs.org

3. **Basic information required on all purchase orders** is listed on Page 51 of this Bid Award Announcement. Purchase orders lacking the required basic information listed may result in the delay of placement and/or confirmation of orders. **NOTE**: **The agency is responsible for obtaining a "Confirmation of Order" from the respective dealership. Dealers are required to complete a "Confirmation of Order" and send it to the purchaser within fourteen (14) calendar days after receipt of purchase order. Purchasers are encouraged to contact the dealer if a "Confirmation of Order" has not been received within a reasonable time.**

   Purchasers are reminded that the issuance of a purchase order does not in itself guarantee the placement of an order.

4. Agencies which elect to purchase off this contract will incur the following administrative fees:
   - **Off-Road Utilities, Medium/Heavy Trucks, & Other Fleet Equipment** – Dealers have included a one-half percent (.005) administrative fee in the base price and all add options that are listed. The one-half percent (.005) will also be included in any additional equipment (add options) the dealers quote to the governmental agencies.

5. In order to ensure quality service for our user agencies, we are requesting that you notify the Florida Sheriffs Association regarding any problems encountered in working with the awarded dealers. Any issues, including but not limited to, receipt of confirmation of order, delivery problems and communication problems, should be reported to us by e-mail at dterpak@flsheriffs.org. This information will be considered in future bid awards in order to ensure that agencies are receiving the level of service required of dealers who wish to participate in this program.

6. Add/delete options might include a superscript listed by the Order Code. The purpose of the superscript is to identify which options correlate to a specific dealer. Superscripts will be a number between 1 and 4, and will correspond as follows:

1 = Western zone dealer
2 = Northern zone dealer
3 = Central zone dealer
4 = Southern zone dealer

If a dealer has been awarded more than one zone, they will only have one superscript number assigned, and it will be the lowest numerical number that applies to their awarded zones. For example, if a dealer is awarded the northern and southern zones, their add/delete options for both zones will be represented by a "2" superscript.

Options are intended to add or delete equipment and/or features from the base vehicle specification, and to allow for an upgrade or downgrade to a manufacturer's model with a slightly different engine size or horsepower, and as such, will not be made available for purchase separate from the base vehicle.

The Florida Sheriffs Association's and the Florida Association of Counties' bid award for cab and chassis trucks and other fleet equipment are as follows (zones indicated with a ★ = specification low bid for Bid 13-11-0904):

DELIVERY CONDITIONS

In addition to equipment specified by these specifications and by the applicable detailed specifications, vehicle shall be equipped with all standard equipment as specified by the manufacturer for this model, and shall comply with all EPA Emission Standards and all Federal Motor Vehicle Safety Standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.

The successful bidder shall be responsible for delivering vehicles that are properly serviced, clean, and in first class operating condition. Pre-delivery service, at a minimum, shall include the following:

a. Complete lubrication of chassis, engine, and operating mechanisms with manufacturer's recommended grades of lubricants;

b. Check all fluid levels to assure proper fill;

c. Adjustment of engine to proper operating condition;

d. Inflate tires to proper pressure;

e. Check to assure proper operation of all accessories, gauges, lights and mechanical and hydraulic features;

f. Front end alignment and wheels balanced, including spare;

g. Focusing of headlights;

h. Cleaning of vehicle, if necessary, and removal of all unnecessary tags, stickers, papers, etc. **DO NOT** remove window price sticker or supplied line sheet;

i. Speedometer must be correct regardless of the tires provided by the vehicle manufacturer or axle ratio furnished;

j. Owner's manual and warranty manual to accompany each vehicle;

k. All specified as "factory installed" is to be installed on the vehicle at the primary site of assembly and is to be the manufacturer's standard assembly-line product. No aftermarket and no dealer installed equipment will be accepted as "factory installed". Vendors found supplying aftermarket or dealer installed equipment where "factory installed" is specified may be required to retrieve all vehicles delivered and reorder new vehicles meeting the specifications. Failure of the contractor to comply with these requirements may result in a fine of up to $1,000 per vehicle, and/or probation, suspension, and/or termination from the current bid and future bids at the Cooperative Bid Coordinator's discretion. Failure of the contractor to pay fines assessed by the FSA may result in suspension and/or termination from current and future bids at the Cooperative Bid Coordinator's discretion.

l. Manufacturer's suggested retail price list sheet (window sticker) form **MUST** be in the vehicle when it is delivered to the purchasing agency. Vehicles that are missing this form, or have forms that have been altered, will not be accepted;

m. All dealer installed accessories (rollbar, trailer hitch, etc.) shall be installed according to the manufacturer's specifications. All such accessories must be manufactured by a recognized manufacturer of the product provided, unless the accessory is not available from a recognized manufacturer. Location, design, and model of rollbars must be approved prior to installation.

BASIC INFORMATION
REQUIRED
ON A VEHICLE PURCHASE ORDER

When filling out a purchase order for a vehicle that is to be purchased under the Florida Sheriffs Association and the Florida Association of Counties Bid No. 13-11-0904, there are certain items of information that must be on the purchase order, or enclosed with the purchase order, so as to minimize the possibility of errors on the order.

This information includes, but is not limited to, the following:

- Date of order
- Purchase order number
- Originator of purchase order
- Name and number (phone & fax) of contact person responsible for receiving "Confirmation of Order" and scheduling of delivery.
- Delivery date required
- Contract number (13-11-0904)
- Contract specification number of vehicle(s), number of vehicles ordered and base price of vehicles
- Vehicle ordered (i.e., Ford F-550 4x4 or Caterpillar 120M)
- FIN CODE for the Florida Sheriffs Association (QE065) and your agency's FIN CODE when ordering FORD products
- FAN CODE for the Florida Sheriffs Association (917872) and your agency's FAN CODE when ordering GENERAL MOTORS products
- FAN CODE for the Florida Sheriffs Association (49313) and your agency's FAN CODE when ordering CHRYSLER products
- Individual listing of each option ordered under the contract, along with each option cost
- Individual listing of each non-contract option ordered, along with each option cost
- Total cost of vehicle(s)
- Copy of dealer's quote for non-contract option(s)
- Copy of vehicle(s) specifications (if different from contract specifications)

Inclusion of the above mentioned items will help prevent possible misunderstanding of the order and will assist in any audit of the purchase orders, or vehicles, that may be deemed necessary in the future.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

OFF-ROAD ALL TERRAIN VEHICLES - 4 WHEEL DRIVE
SPECIFICATION #1

2014 Honda Four Trax Foreman 500 (TRX500FA)

The Honda Four Trax Foreman 500 (TRX500FA) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$7,898.00	$7,645.00	$7,468.00	$7,493.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD ALL TERRAIN VEHICLES - 4 WHEEL DRIVE
SPECIFICATION #1

2014 Polaris Sportsman 570 EFI (A14MH57AA)

The Polaris Sportsman 570 EFI (A14MH57AA) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$5,995.00	$5,985.00	$5,965.00	$5,975.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE
SPECIFICATION #2

2014 Bobcat (3400)

The Bobcat (3400) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$8,589.00	$8,589.00	$8,589.00	$8,589.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE
SPECIFICATION #2

2014 John Deere Gator HPX

The John Deere Gator HPX purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$8,815.00	$8,815.00	$8,895.00	$8,895.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE
SPECIFICATION #2

2014 Polaris Brutus Diesel

The Polaris Brutus Diesel purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$15,399.00	$15,199.00	$14,999.00	$15,099.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

OFF-ROAD UTILITY VEHICLES - 4 WHEEL DRIVE
SPECIFICATION #2

2014 Yamaha Viking (YXM700DEL)

The Yamaha Viking (YXM700DEL) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$11,317.00	$11,117.00	$10,917.00	$10,917.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #3

2014 Freightliner Sprinter (F3CC144)

The Freightliner Sprinter (F3CC144) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$29,453.00	$29,453.00	$29,453.00	$29,453.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

1 TON CAB & CHASSIS (DUAL REAR WHEEL) - 4X4
SPECIFICATION #4

2014 Dodge Ram 3500 (DD8L63)

The Dodge Ram 3500 (DD8L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$35,008.00	$34,908.00	$35,008.00	$35,108.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

    a. Manufacturer's standard diesel engine
    b. Heavy duty alternator
    c. Maintenance free heavy duty battery
    d. Manufacturer's heavy duty engine cooling

2. TRANSMISSION/AXLES:

    a. Manufacturer's standard automatic transmission.
    b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

    a. Manufacturer's standard power steering.
    b. Manufacturer's standard gauges.

4. COMFORT ITEMS:

    a. Manufacturer's standard air conditioning with 134A system.
    b. Manufacturer's standard tinted glass all around.
    c. Manufacturer's standard AM/FM stereo.
    d. Heavy duty rubber floor covering instead of carpet.
    e. Manufacturer's standard production seats. Purchaser will select color at time of order.
    f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

    a. Dual mount outside mirrors to provide field of vision for vehicles to 96" wide.
    b. Interior dome lights with left and right door activated switches.
    c. Manufacturer's standard air bags, if available.
    d. Manufacturer's standard convex mirrors.

6. BRAKES:

    a. Four wheel anti-lock brake ABS system.

7. TIRES AND WHEELS:

    a. BSW steel belted radials, 215/85R16E minimum.
    b. 16 x 6.0 steel - 6-hole disc wheels.

c. Tire capacity: front - 2,400 lbs. (ea.); rear - 2,200 lbs. (ea.).

8. CHASSIS, FRAME, CAB:

a. Minimum 12,000 lb. GVWR.
b. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
c. Manufacturer's standard fuel tank.
d. Manufacturer's standard bumper.
e. Cab with 45-degree mechanical tilt with torsion assist.
f. Tilt cab & chassis only.

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #5

2014 Isuzu NF154

The Isuzu NF154 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$36,758.00	$36,758.00	$36,758.00	$36,758.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #5

2014 Kenworth K270

The Kenworth K270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$71,915.00	$71,386.00	$72,685.00	$70,964.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

TILT CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #5

2014 Peterbilt 210

The Peterbilt 210 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$66,469.00	$66,469.00	$66,469.00	$67,996.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #6

2014 Ford F-450 (F4G)

The Ford F-450 (F4G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$31,030.00	$31,056.00	$31,056.00	$31,056.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #6

2014 International Terrastar

The International Terrastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$42,893.00	$42,893.00	$42,893.00	$42,893.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2. TRANSMISSION/AXLES:

    a. Manufacturer's standard automatic transmission
    b. Manufacturer's standard drive axle ratio for engine and transmission combination.
    c. Manufacturer's standard transfer case
    d. Limited slip differential on rear axles

3. PERFORMANCE ITEMS:

    a. Manufacturer's standard power steering.
    b. Manufacturer's standard gauges.
    c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

    a. Air conditioning, factory installed.
    b. Manufacturer's standard tinted glass all around.
    c. Manufacturer's standard AM/FM stereo.
    d. Heavy duty rubber floor covering instead of carpet.
    e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
    f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

    a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
    b. Interior dome lights with left and right door activated switches.
    c. Air bags for driver and right front passenger, if available.

6. BRAKES:

    a. Rear anti-lock brakes, minimum.

7. TIRES AND WHEELS:

    a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

a. Cab to center of rear axle - 60" approximately.
b. Minimum 15,000 lbs. GVWR.
c. Cab & chassis only.
d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
e. Manufacturer's standard front bumper, bright or painted.
f. Fuel tank capacity, 25 gallons minimum.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4
SPECIFICATION #7

2014 Dodge Ram 4500 (DP9L63)

The Dodge Ram 4500 (DP9L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$37,776.00	$37,776.00	$37,776.00	$37,776.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

15,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4
SPECIFICATION #7

2014 International Terrastar

The International Terrastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$51,642.00	$51,642.00	$51,642.00	$51,642.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:

    a. Diesel engine, minimum 190 HP
    b. Maintenance free heavy duty battery
    c. Manufacturer's heavy duty engine cooling.
    d. Heavy duty alternator

2. TRANSMISSION/AXLES:

    a. Manufacturer's standard automatic 4-speed transmission with overdrive and manufacturer's heavy duty cooling.
    b. Manufacturer's standard drive axle ratio for engine and transmission combination.

3. PERFORMANCE ITEMS:

    a. Manufacturer's standard power steering.
    b. Manufacturer's standard gauges.
    c. Heavy duty front and rear shocks.

4. COMFORT ITEMS:

    a. Air conditioning, factory installed.
    b. Manufacturer's standard tinted glass all around.
    c. Manufacturer's standard AM/FM stereo.
    d. Heavy duty rubber floor covering instead of carpet.
    e. Vinyl seating with head rests to accommodate 3 passengers. Purchaser will select color at time of order.
    f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).

5. SAFETY ITEMS:

    a. Dual mount outside mirrors must provide a field of vision for vehicles to 96" width, and for towing.
    b. Interior dome lights with left and right door activated switches.
    c. Air bags for driver and right front passenger, if available.

6. BRAKES:

    a. Rear anti-lock brakes, minimum.
    b. Power brakes, front brakes disc type, rear brakes may be drum or disc.

7. TIRES AND WHEELS:

   a. BSW all season tread radial, 19.5" heavy duty truck tires.

8. CHASSIS, FRAME, CAB:

   a. Cab to center of rear axle - 60" approximately.
   b. Minimum 17,501 lbs. GVWR.
   c. Cab & chassis only.
   d. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
   e. Manufacturer's standard front bumper, bright or painted.
   f. Fuel tank capacity, 24 gallons minimum.

SPECIFICATION #8

2014 Dodge Ram 5500 (DP5L63)

The Dodge Ram 5500 (DP5L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$38,324.00	$38,324.00	$38,324.00	$38,324.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #8

2014 Ford F-550 (F5G)

The Ford F-550 (F5G) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$32,000.00	$32,017.00	$32,017.00	$32,017.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #8

2014 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$46,250.00	$46,250.00	$46,250.00	$46,250.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #8

2014 International Terrastar

The International Terrastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$43,116.00	$43,116.00	$43,116.00	$43,116.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #8

2014 Kenworth T170

The Kenworth T170 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$65,895.00	$65,410.00	$64,351.00	$66,520.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #8

2014 Peterbilt 325

The Peterbilt 325 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$60,335.00	$60,335.00	$60,335.00	$63,980.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #9

2014 Dodge Ram 5500 (DP0L63)

The Dodge Ram 5500 (DP0L63) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$39,882.00	$39,882.00	$39,882.00	$39,882.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4
SPECIFICATION #9

2014 Ford F-550 (F5H)

The Ford F-550 (F5H) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$34,820.00	$34,842.00	$34,842.00	$34,842.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

17,501 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X4
SPECIFICATION #9

2014 International Terrastar

The International Terrastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$51,698.00	$51,698.00	$51,698.00	$51,698.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #10

2014 Ford F-650 (F6F)

The Ford F-650 (F6F) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$44,994.00	$44,994.00	$44,994.00	$44,994.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #10

2014 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$50,584.00	$50,584.00	$50,584.00	$50,584.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #10

2014 International Durastar

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$57,090.00	$57,090.00	$57,090.00	$57,090.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #10

2014 Kenworth T270

The Kenworth T270 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$68,265.00	$67,706.00	$67,985.00	$68,391.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

25,500 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #10

2014 Peterbilt 330

The Peterbilt 330 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$63,347.00	$63,347.00	$63,347.00	$65,510.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 Peterbilt 337
2014 Western Star 4700

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. Diesel engine, minimum 200 HP
2. TRANSMISSION/AXLES:
    a. Allison 2500 RDS transmission (with PTO provision) minimum, or approved equivalent.
    b. 21,000 lb. rear
    c. All axles, synthetic lube.
3. PERFORMANCE ITEMS:
    a. Manufacturer's standard power steering.
    b. Manufacturer's standard gauges.
4. COMFORT ITEMS:
    a. Air conditioning, factory installed.
    b. Manufacturer's standard tinted glass all around.
    c. Manufacturer's standard AM/FM stereo.
    d. Heavy duty rubber floor covering instead of carpet.
    e. Manufacturer's standard production seats. Purchaser will select color at time of order.
    f. Keys: two (2) per vehicle, single key locking system, (each vehicle keyed differently).
5. SAFETY ITEMS:
    a. Dual mount outside mirrors must provide a field of vision for vehicles to 102" width, and for towing.
    b. Convex mirrors mounted below standard mirrors.
    c. Interior dome lights with left and right door activated switches.
6. BRAKES:
    a. Factory air brakes
    b. Anti-lock brake system
7. TIRES AND WHEELS:
    a. BSW 11R22.5 (14 PR) or approved equivalent, front and rear.

b. Oil bath hubs, with synthetic lube.

8. CHASSIS, FRAME, CAB:

a. Minimum 30,000 lbs. GVWR.
b. Cab & chassis only.
c. Manufacturer's standard colors, factory painted. Colors to be determined by individual agencies.
d. Manufacturer's standard front bumper, bright or painted.
e. Factory front tow hooks.
f. Fuel tank capacity, 45 gallons minimum.
g. Cab to center of rear axle - 84" approximately.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 Ford F-750 (F7F)

The Ford F-750 (F7F) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$45,558.00	$45,558.00	$45,558.00	$45,558.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 Freightliner M2

The Freightliner M2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$38,987.00	$38,987.00	$38,987.00	$38,987.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 Hino 338

The Hino 338 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$59,744.00	$60,254.00	$60,254.00	$59,744.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 International Durastar

The International Durastar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$57,560.00	$57,560.00	$57,560.00	$57,560.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 Kenworth T370

The Kenworth T370 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$68,193.00	$67,634.00	$68,472.00	$69,949.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 Peterbilt 337

The Peterbilt 337 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$66,600.00	$66,600.00	$66,600.00	$68,812.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

30,000 LB. GVWR CAB & CHASSIS (DUAL REAR WHEEL) - 4X2
SPECIFICATION #11

2014 Western Star 4700

The Western Star 4700 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$73,433.00	$73,433.00	$73,433.00	$73,433.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 350 HP 6 cylinder diesel engine, manufacturer's 11L minimum
2. TRANSMISSION & CLUTCH:
    a. The following or approved equivalents are acceptable:
    b. Fuller 14210B 10 Speed Manual with OD
3. ENGINE EQUIPMENT:
    a. Alternator – 12 volt 100A
    b. Premium engine hoses
    c. Injection pump – electronic engine control
    d. Radiator – aluminum core
    e. Air restriction monitor – intake mounted
4. CAB:
    a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
    b. Floor covering – black rubber mats
    c. Seating – driver air suspension mid back, passenger fixed mid back.
    d. Steering wheel – 18" two spoke
    e. Standard air conditioning & heating
5. FRAME:
    a. Frame – steel construction matched to GVW and mounted body of truck
    b. Wheelbase – 187"
    c. Load platform – 161" 56" AF
    d. Front bumper – painted steel
    e. Fuel tank – 70 gallon, minimum
    f. Air dryer – Bendix AD9 heated, or approved equivalent.
    g. 5th wheel - stationary with left hand release.
6. SAFETY:

a. Horn – single air trumpet
b. Mirrors – West Coast for 102" trailer widths to include 7.5" convex mounted to lower mirror bracket.
c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
d. Slack adjusters – Haldex automatic front and rear.
e. Daytime running lights.
f. Backup alarm
g. Electrical plug holder includes glad hand storage.
h. Tractor package to include valves, trailer lines & frame access

7. FRONT AXLE:

a. Axle – 12,000 lb.
b. Front wheels – steel 10 hole hub piloted
c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
d. Front hubs – Ferrous, or approved equivalent.
e. Oil type with synthetic lube

8. REAR AXLE:

a. Minimum 40,000 lb. rated axle and suspension
b. Rear wheels – steel 10 hole hub piloted
c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
d. Hubs – Ferrous, or approved equivalent.
e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)
SPECIFICATION #12

2014 Caterpillar CT660

The Caterpillar CT660 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$103,475.00	$103,475.00	$103,475.00	$103,550.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY) SPECIFICATION #12

2014 Freightliner M2-112

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$79,987.00	$79,987.00	$79,987.00	$79,987.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)
SPECIFICATION #12

2014 Kenworth T800

The Kenworth T800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$99,132.00	$98,532.00	$99,979.00	$98,809.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)
SPECIFICATION #12

2014 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$92,351.00	$92,717.00	$92,717.00	$92,717.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRACTOR (ONLY)
SPECIFICATION #12

2014 Western Star 4800

The Western Star 4800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$94,829.00	$94,829.00	$94,829.00	$94,829.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 350 HP 6 cylinder diesel engine, manufacturer's 11L minimum
2. TRANSMISISON & CLUTCH:
    a. The following or approved equivalents are acceptable:
    b. Fuller 14210B 10 Speed Manual with OD
3. ENGINE EQUIPMENT:
    a. Alternator – 12 volt 100A
    b. Premium engine hoses
    c. Injection pump – electronic engine control
    d. Radiator – aluminum core
    e. Air restriction monitor – intake mounted
4. CAB:
    a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
    b. Floor covering – black rubber mats
    c. Seating – driver air suspension mid back, passenger fixed mid back.
    d. Steering wheel – 18" two spoke
    e. Standard air conditioning and heating
5. FRAME:
    a. Frame – steel construction matched to GVW and mounted body of truck.
    b. Wheelbase – 187"
    c. Front bumper – painted steel
    d. Fuel tank – 70 gallon, minimum
    e. Air dryer – Bendix AD9 heated, or approved equivalent.
6. SAFETY:
    a. Horn – single air trumpet

b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.
d. Slack adjusters – Haldex automatic front and rear.
e. Daytime running lights.
f. Backup alarm

7. FRONT AXLE:

a. Front axle – 12,000 lb.
b. Front wheels – steel 10 hole hub piloted
c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
d. Front hubs – Ferrous, or approved equivalent.
e. Oil type with synthetic lube

8. REAR AXLE:

a. Rear axle – 40,000 lb.
b. Rear wheels – steel 10 hole hub piloted
c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
d. Hubs – Ferrous, or approved equivalent.
e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 Caterpillar CT660

The Caterpillar CT660 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$102,473.00	$102,473.00	$102,473.00	$102,550.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 Freightliner M2-112

The Freightliner M2-112 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$61,987.00	$61,987.00	$61,987.00	$61,987.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 International Workstar

The International Workstar purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$90,470.00	$90,470.00	$90,470.00	$90,470.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 Kenworth T800

The Kenworth T800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$97,751.00	$97,151.00	$98,898.00	$99,996.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 Mack C or G Series

The Mack C or G Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	$101,737.00	$101,737.00	$101,737.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 Peterbilt 367

The Peterbilt 367 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$107,729.00	$107,729.00	$107,729.00	$106,248.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

52,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE TRUCK
SPECIFICATION #13

2014 Volvo V Series

The Volvo V Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$86,222.00	$86,222.00	$86,222.00	$86,222.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 300 HP 6 cylinder diesel engine, manufacturer's 11L minimum
2. TRANSMISISON:
    a. Allison 4500 RDS automatic transmission
3. ENGINE EQUIPMENT:
    a. Alternator – 12 volt 100A
    b. Premium engine hoses
    c. Injection pump – electronic engine control
    d. Radiator – aluminum core, or approved equivalent
    e. Air restriction monitor – intake mounted
4. CAB:
    a. Cab – welded steel galvanized or aluminum shell with rust preventative coating.
    b. Low cab, forward mounted, tilt type.
    c. Floor covering – black rubber mats
    d. Seating – driver air suspension mid back, passenger fixed mid back.
    e. Steering wheel – 18" two spoke
    f. Standard air conditioning and heating
5. FRAME:
    a. Frame – steel construction matched to GVW and mounted body of truck.
    b. Wheelbase – 209"
    c. Front bumper – painted steel
    d. Fuel tank – 70 gallon, minimum
    e. Air dryer – Bendix AD9 heated, or approved equivalent.
6. SAFETY:
    a. Horn – single air trumpet
    b. Mirrors – West Coast to include 7.5" convex mounted to lower mirror bracket.
    c. Brakes – "S" cam type 16.5" x 5" Q + front and 16.5" x 7" Q + rear with anti-lock without automatic traction control, or approved equivalent.

d. Slack adjusters – Haldex automatic front and rear.
e. Daytime running lights.
f. Backup alarm

7. FRONT AXLE:

a. Front axle – 20,000 lb.
b. Front wheels – steel 10 hole hub piloted
c. Front tires – 11R22.5 Goodyear G397LHS, steer or approved equivalent.
d. Front hubs – iron, or approved equivalent.
e. Oil type with synthetic lube

8. REAR AXLE:

a. Rear axle – 40,000 lb.
b. Rear wheels – steel 10 hole hub piloted
c. Rear tires – 11R22.5 Goodyear G124 unisteel traction or approved equivalent.
d. Hubs – iron, or approved equivalent.
e. Power divider with warning light and buzzer (includes in cab control)

9. ELECTRICAL:

a. Circuit protection – fuses except headlamp and wiper circuits which utilize circuit breakers.
b. Hand throttle – electronic hand throttle operated through cruise control when in PTO mode only.
c. Engine protection – engine shut down system monitoring high water temp, low oil pressure, high exhaust temp, high transmission temp.

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY)
SPECIFICATION #14

2014 Autocar ACX64

The Autocar ACX64 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$138,785.00	$138,785.00	$135,785.00	$134,685.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY)
SPECIFICATION #14

2014 Mack MR Series

The Mack MR Series purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	★Northern	★Central	★Southern
BASE PRICE:	-- No bid --	$125,627.00	$125,627.00	$125,627.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

60,000 LB. GVWR CAB & CHASSIS - 4X6 TANDEM AXLE REFUSE TRUCK (ONLY)
SPECIFICATION #14

2014 Peterbilt 320

The Peterbilt 320 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	Northern	Central	Southern
BASE PRICE:	$135,025.00	$135,025.00	$135,025.00	$130,955.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DECK:

    a. Mower shall be rotary, flex wing style.
    b. 10 gauge steel minimum
    c. Replaceable full length skid shoes
    d. Shall be easy clean style

2. BLADE CARRIER & BLADES:

    a. 7 gauge steel minimum
    b. 1 inch thick cross bar weldment
    c. "Stump Jumper" pan design
    d. 2 free swinging updraft cutting blades 1/2 inch thick, heat treated alloy steel minimum
    e. Blades shall overlap a minimum of six inches for uniform cut.
    f. Blade spindles shall be 1 1/4 inch diameter minimum.

3. WHEELS/TIRES:

    a. 6 replaceable puncture resistant foam filled airplane tailwheels.

4. POWER DISTRIBUTION:

    a. Main driveline shall be CAT 5
    b. Slip clutch protection shall be featured.
    c. Gears shall be straight bevel with tapered roller bearings.
    d. A power divider shall have a rating of 190 HP minimum.
    e. Center and wing gearboxes shall have a minimum rating of 190 HP.

5. GENERAL FEATURES:

    a. Mower shall attach to the rear of the tractor using a self level-lift hitch.
    b. Front and rear chain deflectors.
    c. Tounge shall have a jack stand.

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN
SPECIFICATION #15

2014 Alamo Eagle 15

The Alamo Eagle 15 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$15,654.00	$15,654.00	$15,654.00	$15,654.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 Diamond (DFW180C)

The Diamond (DFW180C) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	$26,077.00	$26,077.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 Schulte FX-1800

The Schulte FX-1800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$17,385.00	$17,185.00	$16,835.00	$16,560.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

15 FT. FLEX WING ROTARY MOWER - PTO DRIVEN
SPECIFICATION #15

2014 Woods BW180HD

The Woods BW180HD purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$12,674.00	$12,319.00	$12,555.00	$12,673.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 25 horsepower gas engine
    b. 7 gallon fuel tank
    c. Positive feed oil system with spin on filter.
    d. Heavy duty air cleaner
    e. Electric start
2. DRIVE TRAIN/AXLES:
    a. Hydraulic gear pumps
    b. High torque wheel motors
    c. Spin on hydraulic filters
3. DECK:
    a. 60" heavy duty mower deck
    b. 3 blade spindles
    c. Belt driven
    d. Manual deck lift
    e. 1" to 5" cutting height
    f. Deck engagement electric clutch
4. WHEELS:
    a. Front wheels - 13x6-6 ribbed, minimum
    b. Rear wheels - 24x11.5-12 turf
5. COMFORT & CONVENIENCE:
    a. High back full suspension seat
    b. Adjustable steering/motion control levers
    c. Flip up hood
    d. Easy access operator controls
    e. ROPS bar

6. APPROXIMATE MACHINE DIMENSIONS:

   a. Length - 82"
   b. Height - 72" with ROPS
   c. Width - 63" without chute

7. CONDITIONS:

   a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
   b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following:
   c. Complete lubrication
   d. Check all fluid levels
   e. Adjustment of engine to proper operating condition
   f. Inflate tires to proper pressure
   g. Proper operation of all accessories.

2014 Gravely Proturn 260

The Gravely Proturn 260 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$8,111.22	$8,111.22	$8,111.22	$8,111.22

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ZERO TURN RADIUS COMMERCIAL GRADE MOWER
SPECIFICATION #16

2014 Toro 74925

The Toro 74925 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$8,650.00	$8,750.00	-- No bid --	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

12.5 DECK, LARGE DIESEL RIDE-ON INDUSTRIAL WIDE AREA MOWER SPECIFICATION #17

2014 MowerMax 75-12.5 Wide Area

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 74.5 HP turbo diesel
    b. Heavy duty radiator with high flow fan
    c. Canister style air cleaner with pre-cleaner
    d. Electric start with engine pre-heat
    e. Full engine gauge package
    f. 22 gallon fuel tank
2. POWERTRAIN:
    a. Hydrostatic, variable displacement piston transmission pumps in a closed loop system.
    b. High torque, hydraulic radial piston wheel motors with integrated parking brake.
    c. Joystick control for speed, and directional (forward/reverse) control.
3. TRAVEL SPEED:
    a. 12.5 MPH
4. DECK:
    a. 12.5' heavy duty, flex wing mower deck
    b. 3/16" steel plate deck thickness
    c. Rear discharge with front and rear deflector safety chains
    d. Hydraulic deck lift
    e. Skid plates with anti-scalp rollers
    f. Heavy duty, oil-filled gearboxes powered by axial piston motors
    g. Deck engagement relay controlled with safety switch
5. BLADE CARRIER & BLADES:
    a. Free swinging, updraft, 3/8" thick cutting blades
    b. Integrated 3/4" thick, blade carrier and stump jumper
    c. 1 1/2" blade spindle diameter
6. WHEELS:
    a. Front tires - 29x12.50-15, 10 ply turf tires
    b. Rear tires - 500/45-22.5, 16 ply flotation tires
7. COMFORT, CONVENIENCE & SAFETY:
    a. Full suspension seat with lumbar support and integrated operator-presence safety switch.
    b. ROPS canopy

c. Seat belt with safety switch
d. Flashing safety lights as well as DOT reflector tape.
e. Engine gauge package

8. CONDITIONS:

a. a. In addition to equipment specified, mower will be equipped with all standard equipment as specified by the manufacturer for this model and shall comply with all EPA emission standards and all motor vehicle standards as established by the U.S. Department of Transportation regarding the manufacture of motor vehicles.
b. The successful bidder shall be responsible for delivering the unit properly serviced, clean and in first class operating condition. Pre-delivery service at a minimum shall include the following:
c. Complete lubrication
d. Check all fluid levels
e. Adjustment of engine to proper operating condition
f. Inflate tires to proper pressure
g. Proper operation of all accessories

SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE)
SPECIFICATION #18

2014 John Deere 4105

The John Deere 4105 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$18,500.00	$18,500.00	$18,750.00	$18,750.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE)
SPECIFICATION #18

2014 Kubota L3800

The Kubota L3800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$12,950.00	$12,950.00	$12,950.00	$12,950.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SMALL AGRICULTURE TYPE TRACTOR (4 WHEEL DRIVE)
SPECIFICATION #18

2014 Massey Ferguson 1742

The Massey Ferguson 1742 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$20,903.00	$21,551.00	$20,763.00	$20,763.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 Challenger MT455

The Challenger MT455 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$79,181.00	$79,181.00	$79,181.00	$79,255.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #19

2014 Massey Ferguson 4610

The Massey Ferguson 4610 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$30,910.00	$27,752.00	$27,752.00	$30,060.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. Liquid cooled diesel with minimum of 95 PTO hp @ 2200 rpm.
2. TRANSMISSION:
    a. Synchroshuttle type with a minimum of 16 forward and 16 reverse speeds.
3. FUEL TANK:
    a. Minimum 38 gallon capacity.
4. BRAKES:
    a. Oil cooled hydraulic.
5. POWER TAKE OFF:
    a. Speeds RPM - 540/1000
6. HYDRAULIC SYSTEM:
    a. Closed center system with standard remotes.
    b. Maximum pressure psi - 2,900
    c. Standard output @ remote 17 gpm
    d. Total of 29 gpm combined flow
7. POINT HITCH:
    a. Category II
    b. Telescopic stabilizers
    c. SAE lift capacity @ 24" standard lbs. - 5,000
    d. Lower draft arm link ends - extendable
8. TIRES:
    a. Not less than 13.6R24 R1 rear radials

b. Not less than 18.4R30 6 Ply F2

9. MOUNTED BOOM MOWER:

a. Minimum 23' boom reach.
b. Forward and reverse swing break away.
c. Integral frame.
d. Separate hydraulic circuit for mower head.
e. 5' rotary cutter head.
f. Disc or bar type blade holder.

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE)
SPECIFICATION #20

2014 Case IH Maxxum 115 with Motrim Boom Mower

The Case IH Maxxum 115 with Motrim Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$98,900.00	$98,700.00	$98,300.00	$98,300.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #20

2014 John Deere 6115M with Tiger Bengal Boom Mower

The John Deere 6115M with Tiger Bengal Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$112,439.00	$112,439.00	$112,439.00	$112,439.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

AGRICULTURE TYPE TRACTOR WITH BOOM MOWER (4 WHEEL DRIVE)
SPECIFICATION #20

2014 New Holland TS6.120 with Alamo Versa Boom Mower

The New Holland TS6.120 with Alamo Versa Boom Mower purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$80,075.00	$80,075.00	$80,075.00	$80,075.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

    a. 6,000 lbs. minimum operating weight with canopy.

2. ENGINE/CAB:

    a. Diesel engine, minimum 22 net horse power.
    b. Roll over and falling object protective structures.
    c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.
    d. Mirrors.

3. TRAVEL SYSTEM:

    a. Minimum high speed travel 2.3 MPH.
    b. Minimum gradeability, 20 degrees.
    c. 11" wide rubber belt tracks.

4. HYDRAULIC SYSTEM:

    a. Gear type hydraulic pump.
    b. Digging depth 8'6" minimum.
    c. Auxiliary hydraulic circuit and controls plummed to the end of stick with disconnect to allow the use of hydromechanical work tools.
    d. Backfill blade.
    e. Hydraulic motor-driven swing system.

5. ELECTRICAL SYSTEM:

    a. 12 volt electrical system.
    b. 40 amp alternator.
    c. Sealed electrical connectors.
    d. Work lights.

6. BUCKET:

a. 12" digging bucket with teeth.

HYDRAULIC MINI EXCAVATOR
SPECIFICATION #21

2014 Bobcat E26

The Bobcat E26 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$26,585.00	$26,585.00	$26,585.00	$26,585.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 John Deere 27D

The John Deere 27D purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$28,947.00	$28,947.00	$28,947.00	$28,947.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SPECIFICATION #21

2014 Takeuchi TB228

The Takeuchi TB228 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$35,817.00	$34,706.00	$34,706.00	$34,706.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:
   a. Minimum operating weight - 42,000 lbs.
2. ENGINE:
   a. Turbocharged diesel engine 159 hp
   b. Spin on type filters
   c. Two stage air cleaner
3. TRAVEL SYSTEM:
   a. Travel speed of 21 mph
4. HYDRAULIC SYSTEM:
   a. Standard auxiliary hydraulic valve.
   b. Hydraulic system flow 99 gpm minimum.
5. WHEEL DRIVE:
   a. Wheelbase 8' minimum
   b. Tire size 10:00x20
   c. Ground clearance 13" minimum
   d. Gradability 61 percent
6. OPERATING STATION:
   a. Cab to be air conditioned, heated, and pressurized filtration system.
   b. Intermittent windshield wipers.
   c. Opening front windshield.
   d. Vibration dampening cab mounts.
   e. Adjustable suspension type operator seat with safety belt.
   f. Tinted safety glass.
   g. Engine monitoring system with audible alarms.
   h. Work lights.
   i. Tail, stop, turn, and emergency flashers.

7. STICK, BOOM, BUCKET:

    a. Boom and stick combination to allow minimum reach at ground level of 30' minimum.
    b. Bucket to be a general purpose bucket, appropriately sized for machine and included.

8. SWING SYSTEM:

    a. Swing radius 7 ft. approximate.
    b. Swing speed 9.5 rpm minimum.

9. MISCELLANEOUS:

    a. Fuel capacity of 77 gallons minimum.

10. BLADE/OUTRIGGERS:

    a. Front blade with 8' minimum
    b. Rear outriggers

HYDRAULIC EXCAVATOR, WHEELED TYPE - 42,000 LB. OPERATING WEIGHT
SPECIFICATION #22

2014 Hyundai R210W-9A

The Hyundai R210W-9A purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	$157,545.00	$157,545.00	$157,545.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:
   a. Minimum operating weight - 54,000 lbs.
2. ENGINE:
   a. Turbocharged diesel engine 168 hp
   b. Spin on type filters
   c. Two stage air cleaner
3. TRAVEL SYSTEM:
   a. Travel speed of 3.2 mph
4. HYDRAULIC SYSTEM:
   a. Standard auxiliary hydraulic valve.
   b. Main hydraulic system flow 54 gpm minimum.
5. UNDERCARRIAGE:
   a. Overall track length 15' minimum.
   b. Overall track width 11' minimum.
   c. Shoe width 31.5"
6. OPERATING STATION:
   a. Cab to be air conditioned, heated, and pressurized filtration system.
   b. Intermittent windshield wipers.
   c. Opening front windshield.
   d. Vibration dampening cab mounts.
   e. Adjustable suspension type operator seat with safety belt.
   f. Tinted safety glass.
   g. Engine monitoring system with audible alarms.
   h. Work lights.

7. STICK, BOOM, BUCKET:

   a. Boom and stick combination to allow minimum reach at ground level of 34'.
   b. Bucket to be a general purpose bucket, appropriately sized for machine and included.

8. SWING SYSTEM:

   a. Swing radius 10.6 ft. approximate.
   b. Swing speed 9.6 rpm minimum.

9. MISCELLANEOUS:

   a. Fuel capacity of 100 gallons minimum.

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

HYDRAULIC EXCAVATOR - 54,000 LB. OPERATING WEIGHT
SPECIFICATION #23

2014 John Deere 250GLC

The John Deere 250GLC purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$176,699.00	$176,699.00	$176,699.00	$176,699.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

    a. 15,873 lbs. 2x4
    b. 17,196 lbs. 4x4

2. ENGINE/CAB:

    a. Diesel engine, minimum 95 net horsepower
    b. Roll over enclosed cab air conditioned and heated.
    c. Hinged quick release side window for emergency exit (operational at all boom positions).
    d. Hinged front window opening outward for safety (not inward reducing operator head room).
    e. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant.
    f. Mirrors
    g. Air sprung operators seat
    h. Full size cab (width of machine) for operator comfort and room with toolbox.

3. TRAVEL SYSTEM:

    a. Minimum high speed travel - 5 mph
    b. Minimum grade-ability 70%
    c. Four tires

4. HYDRAULIC SYSTEM:

    a. Piston type hydraulic pumps.
    b. Digging depth - 15'4"
    c. Auxiliary hydraulic circuit and controls plumbed to the end of stick with disconnect to allow the use of hydro-mechanical work tools.
    d. Hydraulic motor-driven swing system.
    e. Stabilizers to be individually controlled in the vertical and horizontal positions.
    f. Boom assembly hydraulic hoses mounted on left side in operator's field of vision.

5. ELECTRICAL SYSTEM:

    a. 12 or 24 volt
    b. 30 amp alternator
    c. Work lights

6. BUCKET:

    a. 4' wide grading bucket

SPECIFICATION #24

2014 Kaiser S2

The Kaiser S2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$294,990.00	$293,990.00	$293,990.00	$293,990.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:
    a. 6,190 lbs. (without trailer)
2. ENGINE:
    a. 36 hp diesel engine
    b. Water cooled
    c. Fully enclosed sound attenuated engine enclosure (including vacuum pump and high pressure water pump)
    d. 15 gallon fuel tank
3. VACUUM PUMP:
    a. 580 CFM at 15 inches of mercury
    b. Mounted inside engine enclosure
    c. Washable filtration cylinders
    d. Reverse pressure (to clear hose and offload liquids)
4. HIGH PRESSURE WATER SYSTEM:
    a. 400 PSI at 4 GPM water pump
    b. Low water automatic shutdown
    c. Two 100 gallon poly water tanks
    d. 50' high pressure water hose on hose reel
    e. 5' and 3' wand and control handle
5. CONTROLS:
    a. Lockable and waterproof
    b. Curbside located
    c. Oil pressure, water temperature, fuel and vacuum gauge
    d. Electronic throttle
6. TANK:
    a. Full open rear door
    b. Door hydraulically opened
    c. Twin dump cylinders
    d. 6" stainless steel portal shutoff
    e. 800 gallon debris tank capacity

7. BOOM:

a. 4" pickup hose
b. Hydraulically powered in/out and up/down
c. Boom cradle
d. 360 degree movement
e. 2 dielictric 3" suction wands
f. 33' rubber suction hose

8. TRAILER:

a. 7,000 lb. dexter torsion anxles
b. 14,000 lb. GVWR
c. 10,000 lb. jack stand
d. I beam construction
e. Pintle hitch
f. Electric brakes with safety breakaway
g. LT235/85R16 tires
h. Stop/tail/turn lights

VACUUM EXCAVATOR, TRAILER MOUNTED - 14,000 LB. GVWR
SPECIFICATION #25

2014 Pipe Hunter (Vac Hunter)

The Pipe Hunter (Vac Hunter) purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$75,350.00	$75,350.00	$75,350.00	$75,350.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

VACUUM EXCAVATOR, TRAILER MOUNTED - 14,000 LB. GVWR
SPECIFICATION #25

2014 X-Vac X800

The X-Vac X800 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$104,550.00	$104,550.00	$104,550.00	$104,550.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:
    a. Minimum operating weight 45,000 lbs.
2. ENGINE:
    a. 4 cylinder turbocharged diesel, 170 HP at 2200 RPM
    b. Spin on type filters
    c. Two stage air cleaner
    d. 12 volt 100 AMP alternator
    e. 90 gallon fuel capacity
3. TRACK DRIVE:
    a. Two speed, automatic with manual override
    b. High torque piston motors each track
    c. Planetary drives
    d. Travel speed high 3.4 MPH, Low 1.9 MPH
    e. Automatic parking brake
    f. Individual track control
4. TRACKS:
    a. 23.6 pad size
5. OPERATOR'S STATION:
    a. Acoustical lined
    b. Adjustable seat
    c. Tinted safety glass
    d. Filtered fresh air
    e. Heater, air conditioned, and defroster
    f. Wipers and washers
    g. Skylight
    h. Work lights
6. OPERATOR'S STATION CONTROLS:
    a. Electric engine monitoring system
    b. Auto idle
    c. Electronic joysticks on adjustable pedestals
    d. Pedals for travel and steering

e. Low/high travel switch
f. Engine speed control

7. SAFETY ITEMS:

a. Electric horn
b. Movement alarm
c. Fire extinguisher
d. Mirrors, right and left side

8. HYDRAULIC SYSTEM:

a. Hydraulic oil cooler
b. 120 HP track drive motors (each)
c. 64 HP swing motor
d. Electronic hydraulic system monitor
e. Spin on hydraulic filters
f. Swing speed 7.0 RPM
g. Automatic swing brake

9. BOOM:

a. Telescopic boom
b. 180 degree boom rotation
c. 30' reach at ground level from center pivot to buck cutting edge

10. BUCKET:

a. 60" ditching bucket provided with machine
b. Quick attach type

1. WEIGHT:
   a. Minimum operating weight 47,000 lbs.
2. CARRIER:
   a. Carrier Engine:
   b. 6 cylinder turbocharged diesel 250 hp at 2200 rpm
   c. Spin on type filters
   d. Two stage air cleaner
   e. 24 volt 70 amp alternator
   f. Carrier Transmission & Clutch:
   g. 6 speed automatic transmission
   h. Carrier Transfer Case:
   i. 1 to 1 transfer case
   j. Front axle disconnect
   k. Carrier Cab:
   l. One person cab
   m. Air ride seat
   n. Heater, air condition, and defroster
   o. 2 speed windshield wipers
   p. Tinted glass
   q. Isolated and acoustic lined
   r. Gauges to monitor engine functions
   s. Frame:
   t. Sized for GVW and stress of mounted upper structure
   u. Bolt on front bumper
   v. Desiccant type, spin on type, air dryer
   w. Fuel tank 50 gallon minimum
   x. Safety:
   y. Electric horn
   a`. West coast mirrors with convex spot mirrors
   aa. Tow hooks
   ab. Fire extinguisher
   ac. Backup alarm

ad. Front Axle:
ae. 16,000 front drive axle
af. Leaf spring suspension
ag. 16.5x5 "S" cam brakes
ah. Automatic slack adjuster
ai. Integral power steering
aj. Hydraulic axle lockouts
ak. 425/65R22.5 on/off road tires
al. Rear Axle:
am. Tandem axles 40,000 lb. rated
an. Hendrickson rear suspension
ao. 16.5x7 "S" cam brakes
ap. Automatic slack adjusters
aq. 11R 24.5 traction type tires

3. UPPER STRUCTURE:

a. Hydraulic System:
b. 80 HP drive motor
c. 44 HP swing motor
d. Automatic swing park brake
e. 50 gallon oil reservoir
f. Spin on hydraulic filters
g. Swing speed 8 RPM
h. Hydraulic Remote Control:
i. Travel and steering controls in upper structure cab
j. Automatic brakes and axle lockouts
k. Movement alarm
l. Upper Structure Cab:
m. Isolated and acoustic lined
n. Tinted safety glass
o. Adjustable operators seat
p. Heater, air condition, and defroster
q. Work lights
r. Wipers and washers
s. Mirrors on left and right
t. Skylight
u. Upper Structure Control:
v. Electronic joysticks on adjustable pedestals
w. Engine monitoring lights or gauge with audible warning or automatic shutdown
x. Pedals for steering and travel
y. Low/high travel switch
a`. Electric horn
aa. Engine speed control
ab. Bucket:
ac. Quick attach type
ad. 60" ditching bucket provided with machine
ae. Boom:
af. Telescopic boom
ag. 180 degree boom rotation

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:

    a. Minimum operating weight with open rops - 14,800 lbs.

2. DRUM/VIBRATORY SYSTEM:

    a. Maximum compaction shall not be less than 30,000 lbs.
    b. Drum shall have a compaction width of not less than 66".
    c. Drum shall be smooth and not less than 48" in diameter.
    d. Vibratory system shall be hydraulicly driven and have two aplitude settings.
    e. Drum shall be equipped with an adjustable cleaning device.
    f. Drum and vibratory parts shall be isolated from the machine duirng normal operation.

3. ENGINE/CAB:

    a. Turbocharged diesel engine, minimum 80 horse power.
    b. Operators station shall be mounted to the frame with rubber mounts to further isolate the operator and controls from machine vibration during operation.
    c. Gauges or warning indicators for fuel level, engine oil, hydraulic oil and coolant temperature with an alert sounding device activated whenever a warning indicator is illuminated.
    d. A backup alarm shall emit an audible alarm whenever the propel level is moved into reverse.

4. TRAVEL SYSTEM:

    a. A machine must be hydrostatic driven for the rear axle and the drum drive motor.

5. ELECTRICAL SYSTEM:

    a. 12 or 24 volt electrical system.
    b. Maintenance free battery supplying 750 cold cranking amps.
    c. Wiring harness protected with nylon-braided wrap.

2014 Bomag BW177D-40

The Bomag BW177D-40 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	Northern	Central	Southern
BASE PRICE:	$72,073.00	$72,073.00	$72,073.00	$72,073.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:
   a. Minimum operating weight - 80,000 lbs.
2. ENGINE:
   a. Turbocharged diesel engine 400 hp minimum.
   b. Spin on type filters
3. TRANSMISSION/HYDRAULIC SYSTEM:
   a. Mechanical or hydrostatic drive will be acceptable.
   b. 2 speeds forward and 2 speeds reverse, minimum.
   c. Spin on type hydraulic filters.
4. OPERATING STATION:
   a. Enclosed, sound suppressed cab.
   b. Air filtration system
   c. Air conditioned, heater and defroster.
   d. Gauges and engine monitoring shutdown system.
   e. Adjustable suspension seat.
   f. Outside mirrors
   g. Work lights
   h. Windshield wipers and washer
5. ELECTRICAL SYSTEM:
   a. 24 volt
6. WHEELS:
   a. Compaction wheels - 48" width minimum.
   b. Wheel diameter - 58" width minimum.
   c. Chevron chopper blades, weld-on or pin-on teeth type wheels acceptable.
   d. Anti wire wrapping device, if applicable.
   e. Cleaner bars, if applicable.
7. BLADE:
   a. Straight or U type trash blade acceptable.
   b. 14' blade minimum

c. 6' blade height minimum
d. Full width trash screen on top of blade.
e. Bolt on cutting edges.

8. MISCELLANEOUS:

a. Fully shielded engine compartment.
b. Removable belly pan
c. Landfill shielding package, if applicable.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE/EQUIPMENT:

    a. Minimum 69 HP diesel engine.
    b. Dry type, radial seal air cleaner and pre-cleaner unit.
    c. Spin on type engine oil filter.

2. TRANSMISSION:

    a. Four speed powershift or approved equivalent is acceptable.

3. OPERATOR ENVIRONMENT:

    a. OSHA approved ROPS shall be integral.
    b. Two front and two rear roading lights.
    c. Stop and turn signals with flashing hazard lamps.
    d. Instrument panel to include tachometer, fuel guage, transmission/converter oil temperature guage and coolant temperature guage.
    e. Standard horn, audible backup alarm.

4. BRAKES:

    a. Brakes shall be oil immersed, hydraulically actuated, multiple discs on final drive input shaft.
    b. Brakes shall be completely enclosed and sealed.
    c. Brakes shall be fully adjusting.

5. LOADER (SINGLE TILT):

    a. Equipped with return to dig mechanism.
    b. Loader shall have positive down pressuresufficient to lift tractor front end off level ground.
    c. Loader bucket SAE heaped capacity rating shall be a minimum of 1.0 cyd., with edge.

6. BACKHOE:

    a. Fixed length dipperstick.
    b. Digging depth, approximately 14'.
    c. Reach from swing center, approximately 17'.
    d. Dump height, approximately 10'.

e. Digging force, approximately 7,000 lbs.
f. Bucket power dig force, approximately 11,000 lbs.
g. 24" general purpose bucket with teeth.

4X4 LOADER BACKHOE WITH CANOPY (STANDARD STICK)
SPECIFICATION #30

2014 Case 580N

The Case 580N purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	$59,600.00	$59,600.00	$59,600.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The John Deere 310K EP purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$57,828.00	$57,828.00	$57,828.00	$57,828.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 56 HP diesel engine
2. TRANSMISSION:
    a. Forward, reverse, travel speed controlled by two hand levers.
    b. Hydrostatic drive
3. ENGINE EQUIPMENT:
    a. Spin-on type filters
    b. Dry type air filter
4. OPERATOR ENVIRONMENT:
    a. OSHA approved ROPS canopy shall be integral
    b. Front and rear work lights
    c. Hazard lights
    d. Engine monitoring system or gauges with alarm.
    e. Horn and backup alarm
5. BRAKES:
    a. Parking brake
6. LOADER:
    a. Front auxiliary hydraulics
    b. Foot or hand controls for bucket
    c. Minimum 62" bucket

SPECIFICATION #31

2014 Bobcat S570

The Bobcat S570 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$27,971.00	$27,971.00	$27,971.00	$27,971.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

SKID STEER LOADER - 1850 LB. OPERATING CAPACITY (TRACKS OR TIRES)
SPECIFICATION #31

2014 JCB 155

The JCB 155 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$32,329.00	$31,741.00	$31,661.00	$31,361.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE/CAB:

    a. Diesel engine, six cylinder, four cycle, liquid cooled, minimum 140 SAE Net HP.
    b. Cab with A/C

2. TRANSMISSION:

    a. Power shift transmission with torque converter or hydrostatic drive, minimum of four forward and three reverse speeds.

3. DRIVETRAIN:

    a. Four wheel drive.
    b. Manufacturer's standard axle.
    c. Inboard or outboard mounted wet disc braking system.
    d. Inboard or outboardmounted plantetary final drives.
    e. 20.5 – 25 Bias ply tires mounted on multi piece rims.

4. LOADER:

    a. 3.0 cu. yd. general purpose bucket with bolt on cutting edge.
    b. Bucket position indicator.
    c. Automatic return to dig.
    d. Rear drawbar.
    e. Gauges and indicators: visual hydraulic oil level indicator, electronic monitor display of all fluid levels and temperatures.
    f. Deluxe suspension seat with foam padding and backrest.
    g. Articulated steering, 40 degrees minimum each direction.
    h. Wheelbase of 9 feet 4 inches minimum.
    i. Minimum operating weight of 26,000 lbs.

5. ELECTRICAL:

    a. 24 volt electrical system.

b. Neutral safety start device.
c. Manual battery disconnect switch.
d. Driving lights, front and rear work lights, stop lights, warning lights and tail lights.

SPECIFICATION #32

2014 Case 621F

The Case 621F purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	$115,000.00	$115,000.00	$115,000.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION)
SPECIFICATION #32

2014 Hyundai HL740-9A

The Hyundai HL740-9A purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	$111,200.00	$111,200.00	$111,200.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

3.0 CU. YD. WHEEL LOADER (Z-BAR LINKAGE BUCKET - PARALLEL ARM OPTION)
SPECIFICATION #32

2014 Kawasaki 70ZV-2

The Kawasaki 70ZV-2 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$157,817.00	$159,328.00	$159,328.00	$159,328.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DIMENSIONS:

    a. Weight - 6800 lbs.
    b. Width - 72"
    c. Height - 100"
    d. Length - 176"
    e. 15" chipping capacity

2. ENGINE:

    a. 125 hp diesel engine
    b. Over center type clutch
    c. Heavy duty air cleaner
    d. Spin on type filters

3. CHASSIS:

    a. Main frame constructed of rectangular tubing or "z" section.
    b. 7000 lb. axle torsion type
    c. Electric brakes with breakaway switch
    d. ST 235/80R16 tires load range E
    e. Steel wheels
    f. Drop leg jack
    g. 2 1/2" diameter lunette or 2 5/16" ball hitch
    h. Adjustable height hitch
    i. Safety chains
    j. 6 way light connector
    k. All wiring in conduit to lights
    l. Four function rear lights

4. FEED SYSTEM:

    a. Infeed throat opening - 20" x 15"
    b. Serrated infeed rollers
    c. Feed rollers hydraulically driven
    d. Feed table height - 27"
    e. Feed table length - 30"
    f. Safety control bar a round infeed opening for emergency stop.

5. CHIPPER DRUM OR DISC

    a. Drum type:

b. Size - 22" diameter x 22" width
c. 2 knife pockets 180 degrees apart
d. Dual edge reversible knives
e. Extreme duty bearings
f. Adjustable bedknife (reversible)
g. Disc type:
h. 37" x 2" diameter disc
i. 4 knives reversible

6. CHIPPER HOUSING:

a. Easy access door for knife changes
b. Drop down door for anvil adjustment or clean out
c. Chipper housing to be constructed for maximum safety and operator protection

7. DISCHARGE CHUTE:

a. Rotation of 360 degrees
b. Adjustable chip deflector
c. Locking pin for chute rotation

8. MISCELLANEOUS:

a. 26 gallon fuel tank
b. Engine shutdown system
c. Locking tool box
d. Vandalism protection

SPECIFICATION #33

2014 Vermeer BC1500

The Vermeer BC1500 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$48,414.00	$48,414.00	$48,414.00	$48,414.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

90 HP BULLDOZER CANOPY TRACTOR (STANDARD TRACK - WIDE TRACK OPTIONAL)
SPECIFICATION #36

2014 John Deere 650K

The John Deere 650K purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$101,936.00	$101,936.00	$101,936.00	$101,936.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 50 hp LP gas engine
2. TRANSMISSION:
    a. Powershift type
    b. Inching pedal
    c. 1 speed forward, 1 speed reverse
3. HYDRAULIC SYSTEM:
    a. 19.0 gpm at 2250 psi
4. CHASSIS:
    a. Wheelbase - 46"
    b. Tread width - 33" (with standard tires)
    c. Ground clearance at lowest point - 3"
    d. Tire size:
    e. Front - 18.0 x 7 x 12 cushion tire
    f. Rear - 14.0 x 5 x 10 cushion tire
    g. Steering radius - 72"
    h. Brakes:
    i. Hydraulic service brakes
    j. Mechanical parking brake
5. LIFT:
    a. Two stage lift mast
    b. Lift height minimum - 130"
    c. Lift capacity - 4000 lbs.
    d. Fork spacing - 7" to 32" minimum
    e. Tilt - 5 degrees forward/10 degrees backward
6. MISCELLANEOUS:
    a. FOPS protection
    b. Work lights
    c. Seat belts

2014 Terex TA250
2014 Volvo A25F

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. WEIGHT:
   a. Minimum operating weight - 40,000 lbs.
   b. Minimum gross weight (with payload) - 91,000 lbs.
2. ENGINE:
   a. Turbocharged diesel engine, 265 hp 6 cylinder, 549 cubic inch minimum.
   b. Spin on type filters.
   c. Two stage air cleaner.
3. TRANSMISSION:
   a. 6 speeds forward, 1 speed reverse.
   b. Top speed of 31 mph
   c. Hydraulic retarder
4. BRAKES:
   a. Disc type service brakes.
   b. Disc type parking brake.
5. AXLES & DIFFERENTIALS:
   a. Differential locks
   b. Planetary gear reduction final drives.
   c. Inter axle differential lock.
6. TIRES:
   a. Tubeless, radial off road hauler tires.
   b. 23.5 R 25 tire size
7. STEERING:
   a. 45 degree left or right articulation angle.
   b. Secondary electric steering system for emergency steering.
   c. Double acting steering cylinders.
8. OPERATING STATION:

a. Cab to be pressurized, heated, air conditioned and filtered.
b. Built in ROPS/FOPS protection.
c. Suspension type operators seat with seat belt.
d. Cab instrumentation or engine monitoring system with audible alarms.
e. Tinted glass windows.
f. Sun visor
g. Front and rear intermittent windshield wipers.
h. Work lights, headlights, stop, tail and turn signal lights.
i. Left and right mirrors.

9. BODY:

a. Dump body tipping angle 70 degrees.
b. Mud flaps
c. Two single stage double acting body hoist cylinders.
d. 18 yd. heaped capacity
e. Body rise time maximum 12 seconds.

10. MISCELLANEOUS:

a. 95 gallon fuel tank minimum.
b. Guard or shielding package.

ARTICULATED OFF ROAD DUMP TRUCK - 50,000 LB. PAYLOAD CAPACITY
SPECIFICATION #38

2014 Caterpillar 725

The Caterpillar 725 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$308,437.00	$308,437.00	$308,437.00	$308,992.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

7' X 16' ENCLOSED CARGO TRAILER – 7,000 LB. GVWR
SPECIFICATION #39

2014 All Pro Trailer 716TA

The All Pro Trailer 716TA purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$6,730.00	$6,480.00	$6,580.00	$6,830.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

8'6" X 25' DECK OVER FLATBED TRAILER – 16,000 LB. GVWR
SPECIFICATION #40

2014 Texas Trailer TX85258T

The Texas Trailer TX85258T purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$8,367.00	$7,977.00	$8,142.00	$8,372.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

14,000 LB. GVWR PULL BEHIND DUMP TRAILER
SPECIFICATION #42

2014 All Pro DT7147T-24

The All Pro DT7147T-24 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$8,874.00	$8,624.00	$8,724.00	$8,974.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

NOTE TO PURCHASERS: This is an INCOMPLETE UNIT. This is a bid award on a combination Sewer Cleaning/Vacuum Unit to be mounted on an appropriate sized cab & chassis truck. Agencies purchasing this unit will need to provide a cab & chassis truck of appropriate size, GVW, and, options necessary to have the selected combination Sewer Cleaner/Vacuuming Unit to be mounted on, or have the truck provider assist in ordering the correctly outfitted truck. Listed above you will find the model numbers of the units that will be included in the years contract.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. AIR/VACUUM SYSTEM:
   a. Positive displacement vacuum pump or centrifugal compressor
   b. 3500 CFM @ 14.5 inches of mercury, minimum
   c. Muffler
   d. Vacuum relief valves
   e. Centrifugal separator with clean out
   f. PTO or hydrostatic drive
2. DEBRIS TANK:
   a. 10 cu. yard capacity
   b. 45 degree hydraulic dump
   c. Top hinged
   d. Hydraulic door locks
   e. Sight glass or indicator
   f. Drain valve with hose
   g. Check ball system or vacuum breaker
3. BOOM ASSEMBLY:
   a. 270 degree boom working area
   b. Hydraulic up/down

c. Clean out port
d. Transport cradle
e. 8" boom hose
f. Pendant control

4. WATER PUMP:

a. 2500 PSI, 80 GPM
b. Pressure relief valve
c. Wash down gun with relief valve

5. WATER TANK:

a. 1000 gallon capacity
b. Curb side fill
c. Level indicators

6. HOSE REEL:

a. 800' of 1" hose capacity
b. 400' of 1", 2500 PSI hose supplied
c. Power in/out
d. Reel speed control system
e. Position lock system
f. Engine and hose reel controls
g. Level wind

7. DRIVE SYSTEM:

a. Hydrostatic, split PTO, or auxiliary engine

8. MISCELLANEOUS:

a. Nozzles 15 degree and 30 degree for jet
b. Wash down gun
c. 8" intake tube 20' minimum
d. Flexible hose guide
e. Hose storage rack

10 CUBIC YARD COMBINATION SEWER CLEANING/VACUUMING MACHINE
SPECIFICATION #44

2014 Aquatech B-10

The Aquatech B-10 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$158,852.00	$158,852.00	$158,852.00	$158,852.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

The Vac-Con 11 Yard purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$151,090.00	$151,090.00	$151,090.00	$151,090.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. CAB & CHASSIS:

   a. Engine:
   b. 6 cylinder diesel, 200 HP minimum.
   c. Transmission:
   d. Allison 2000 series, 5-speed automatic
   e. Engine Equipment:
   f. Alternator: 12 volt 100 amp
   g. Fuel water separator
   h. Spin-on filters
   i. Cab:
   j. Cab over, steel cab, with rust preventative coating
   k. Dual operating position type cab to include: steering, controls, etc for sweeping from either side
   l. Rubber floor mats
   m. Air ride suspension seats, both sides
   n. Pressurized cab with heat and air conditioning
   o. Instrumentation for truck - oil pressure, water temperature, voltmeter gauges
   p. Instrumentation for sweeper – tachometer, houmeter, oil pressure, coolant temperature gauges
   q. Frame:
   r. Rail type 80,000 psi 12.69 section modulus
   s. Wheelbase - 152" minimum
   t. Front steel bumper
   u. Fuel tank - 50 gallon
   v. Safety:
   w. West coast mirrors with lower mounted convex mirrors.
   x. Intermittent windshield wipers
   y. Daytime running lights
   a`. Backup alarm
   aa. Auto shutdown system for sweeper power plant
   ab. Axles:
   ac. Front axle: 11,900 lb. GVW
   ad. Rear axle: 21,000 lb. GVW
   ae. Single-speed rear axle
   af. 22.5 x 8.25 steel wheels - disc type
   ag. 11R x 22.5 14 ply tires
   ah. Brakes:

ai. Antilock brakes
aj. Front - 15 x 4 drum
ak. Rear - 16.5 x 7 drum
al. Automatic slack adjusters - front and rear
am. Air dryer

2. MOUNTED SWEEPER BODY:

a. Engine:
b. 4 cylinder turbocharged diesel 99 HP minimum
c. Spin-on oil filter
d. Dual element air cleaner
e. Alternator - 12 volt 65 amp minimum
f. Blower:
g. Direct belt drive
h. Blower rating - 20,000 cfm
i. Blower housing construction of abrasion resistant steel
j. Blower housing rubber lined
k. Pickup Head:
l. 90" OD
m. Hose size – 14" pressure, 12" suction
n. Hydraulically raised and lowered
o. Side Brooms:
p. Right and left side gutter brooms
q. Hydraulically raised and lowered
r. 42" diameter - segment type
s. Adjustable downward pressure
t. Sweeper Body:
u. 7 yd. volume metric capacity
v. 50 degree dump angle or raker bar
w. Centrifical dust separator
x. Hopper dump door to hydraulically open/close, lock and unlock
y. Hopper screen - hinged, quick release
a`. Hydraulic System:
aa. Hydraulic pump capacity - 7.7 gpm at 2500 rpm
ab. Direct drive hydraulic pump
ac. Reservoir - 23 gal.
ad. Spin-on 10 micron hydraulic filter
ae. Water Spray Dust Control System:
af. Water tank construction - polyethylene
ag. 220 gallon capacity
ah. Fill hose - 16' long
ai. Diaphragm pump type with run dry capability
aj. Pump capacity - 5 gpm
ak. Pump pressure - 25 psi
al. 7 spray nozzles, 4" pickup head, 1" suction tube - 2 on each side of broom
am. Filter - 80 mesh cleanable

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

REGENERATIVE AIR STREET SWEEPER
SPECIFICATION #45

2014 Johnston RT655

The Johnston RT655 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$198,500.00	$198,500.00	$198,500.00	$198,500.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

REGENERATIVE AIR STREET SWEEPER
SPECIFICATION #45

2014 Tymco 600

The Tymco 600 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$189,913.00	$189,913.00	$189,913.00	$189,913.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. CAB & CHASSIS:

   a. Engine:
   b. 6 cylinder diesel 240 HP minimum
   c. Transmission:
   d. Automatic transmission to meet the correct engine size and GVW of vehicle. Hydrostatic drive is acceptable.
   e. Engine Equipment:
   f. Alternator - 12V / 130 AMP
   g. Fuel water separator
   h. Fuel tank – 50 gallon
   i. Cab:
   j. Dual operating position type cab to include: Steering, controls, etc for sweeping from either side.
   k. Rubber floor mats
   l. Air ride seating
   m. Pressurized cab with heat and air conditioning
   n. Instrumentation for truck - oil pressure, water temperatures, voltmeter gauges
   o. Instrumentation for sweeper-tachometer, hour meter, oil pressure, coolant temperature gauges
   p. Frame:
   q. Rail type 80,000 psi
   r. Size – 10.9" x 3.5" x .34"
   s. Frame overhang
   t. Wheelbase 130" minimum
   u. Front steel bumper
   v. Safety:
   w. Dual West Coast bright finish heated mirrors with LH & RH remote
   x. Intermittent windshield wipers
   y. Daytime running lights
   a`. Backup alarm
   aa. Auto shutdown
   ab. Axles:
   ac. Front axle: 11,900 lb. GVW
   ad. Rear axle: 21,000 lb. GVW
   ae. Single speed rear axle
   af. 22.5 x 8.25 steel wheels - disc type
   ag. 11R x 22.5 14-ply radial tires
   ah. Brakes:

ai. Antilock brakes
aj. Front air brakes - 15 x 4 drum
ak. Rear air brakes 16.5 x 7 drum
al. Automatic slack adjusters - front and rear
am. Air dryer - frame mounted

2. MOUNTED SWEEPER BODY (STANDARD EQUIPMENT):

a. Engine:
b. 4 cylinder diesel - 47 horsepower, governed at 2800 RPM
c. Spin-on oil filter
d. Alternator – 12V / 60AMP
e. Side Brooms:
f. Right & left side gutter brooms (tilt control in cab)
g. Hydraulically raised & lowered
h. 42" diameter – segment type
i. Adjustable down pressure (Manual) – optional down pressure pump
j. Main Broom:
k. Length - 58" minimum
l. Diameter - 35" minimum
m. Hydraulic motor - direct or chain drive and reversible
n. Full floating trailing arms w/shocks
o. Lift Control – inside cab
p. Sweeper Body:
q. Overall height – 10' with strobe
r. Lift capacity – 11,000 lbs minimum
s. 4.5 cubic yard hopper
t. Dump height - 10' minimum
u. Lift design – hydraulic 2-stage scissors
v. Hopper inspection door
w. Work lights – 1 on each gutter broom and one in rear
x. Hydraulic System:
y. Hydraulic pump capacity minimum – 24gpm@2600rpm
a`. Pump: dual tandem gear
aa. Reservoir – 21 gallons
ab. Spin-on 10 micron hydraulic pump
ac. Externally mounted reservoir level indicator
ad. Water Spray System:
ae. Water tank construction – polyethylene and removable
af. Water tank capacity - 280 gallons minimum
ag. Fill hose 2 1/2" x 16' with NST coupler
ah. Diaphragm pump type with run dry capability
ai. Pump capacity – 3.0 GPM minimum
aj. Minimum of 9 spray nozzles – 2 min per gutter broom, 3 min for main broom
ak. Water filter – 80 micron mesh cleanable
al. Conveyor/Elevator System:
am. Minimum of 9 flights – replaceable
an. Belt material – rubber reinforced fabric
ao. Belt speed – variable with auxiliary engine RPM
ap. Drive – reversible with direct drive
aq. Elevator jam warning light & buzzer in cab
ar. Conveyer flush – built in

CABOVER MECHANICAL BROOM STREET SWEEPER
SPECIFICATION #46

2014 Elgin Eagle

The Elgin Eagle purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$243,350.00	$243,350.00	$243,350.00	$243,350.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 Global Python 2500

The Global Python 2500 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$248,744.00	$248,744.00	$248,744.00	$248,744.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. ENGINE:
    a. 4 cylinder diesel engine 74 HP minimum.
    b. 120 AMP alternator
    c. Fuel water separator
    d. 35 gallon fuel tank capacity
2. TRANSMISSION:
    a. Hydrostatic drive type
    b. 35 gallon reservoir
    c. Capable of 20 MPH minimum
3. CAB:
    a. Sealed type cab with filtered intake.
    b. Tilt and telescoping steering column
    c. Tinted glass
    d. Sound suppressed
    e. Intermittent windshield wipers with washer
    f. Full gauge and warning lights for engine monitoring
    g. Climate controlled cab, heater, defroster and air conditioned
    h. If cab is not center mounted, it must have dual controls for operating on either right or left hand side.
4. FRAME:
    a. 116" wheelbase
    b. Rail type channel frame
5. SAFETY ITEMS:
    a. Dual west coast mirrors with spot mirrors
    b. Headlights, turn, brake and hazard lights
    c. Worklights for gutter brooms
    d. Cab mounted warning strobe light with protective cage
    e. Backup alarm
    f. Rearview backup camera
6. BRAKES/STEERING:
    a. Hydraulic power assisted service bakes
    b. Parking brake

c. Turning radius 15' maximum

7. DEBRIS HOPPER:

   a. 3.5 yard capacity minimum
   b. 9'6" minimum dump height

8. CONVEYOR:

   a. Rubber belt type with flights
   b. Hydraulic drive

9. MAIN BROOM:

   a. 32" diameter minimum
   b. 56" width tube type
   c. Hydraulic drive

10. GUTTER BROOMS:

    a. Right & left side brooms to have adjustable down pressure located in cab.
    b. 36" diameter minimum
    c. Segmented type broom
    d. Hydraulic drive

11. WATER SPRAY SYSTEM:

    a. 220 gallon water tank
    b. Run dry type water pump
    c. 15' hydrant fill hose
    d. Water spray jets adjacent to all brooms
    e. Water filter

SPECIFICATION #47

2014 Elgin Pelican

The Elgin Pelican purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$157,745.00	$157,745.00	$157,745.00	$157,745.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. GENERATOR REQUIREMENTS:

    a. Standby duty rated at 125.0 EKW, 156.3 KVA, 8 power factor.
    b. 480 volts
    c. 3 phase, 60 hertz, 1800 rpm
    d. Directly connected to the engine flywheel housing with flex coupling.
    e. Generator shall meet performance class G3 of IEC.
    f. Unit shall be in compliant to UL 2200 labeled.

2. ENGINE:

    a. Water cooled diesel engine, sized for generator set.
    b. Emission compliant engine.

3. CONTROLS:

    a. Solid state, microprocessor based generator controls.
    b. Controls shall provide all operating, monitoring and control functions for generator set.

4. ENCLOSURE/SILENCER:

    a. Complete diesel engine generator set including control panel, engine starting batteries and fuel oil tank shall be enclosed in a factory assembled water protective, sound attenuated enclosure.
    b. Critical grade silencer.
    c. Companion flanges.
    d. Flexible stainless steel exhaust.

5. FUEL TANK:

    a. Double wall sub-base tank integral to enclosure.
    b. 24 hour capacity at 100% at full load.
    c. Rupture basin with 110% capacity.
    d. Locking fuel caps.
    e. Mechanical fuel level gauge.
    f. Low fuel level alarm contact.
    g. Fuel tank rupture alarm contact.
    h. Must meet UL 142 and FDEP standards.

6. BATTERY CHARGER:

a. Current limiting battery charger to automatically charge batteries.
b. Charger shall be dual charge rate with automatic switching to boost rate when required.
c. Charger shall be mounted on genset package.

7. START UP AND TESTING:

a. Vendor must coordinate all start up and testing activities with the engineer and owner. After installation is completed by others and normal power is available, the vendor must perform a one (1) day start-up including the use of building load. The start-up technician will instruct all necessary personnel how to operate and maintain the equipment in accordance to the manufacturer's requirements.

8. CONDITIONS:

a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacture for this model and shall include but not be limited to the following necessary items:
b. Initial filling of oil and antifreeze.
c. Shrink wrap applied to the product to ensure a clean finish.
d. During the start-up, the technician shall record the following information and provide to the owner for his records:
e. Record Operating Voltage, Hz, Ph, and connected load (Amperage)
f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
g. Record engine and generator serial numbers.
h. One complete set of operation and maintenance manuals.
i. Two (2) year or 1500 hour standard standby generator warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

125KW GENERATOR PACKAGE
SPECIFICATION #48

2014 Blue Star Power Systems JD125-02

The Blue Star Power Systems JD125-02 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$34,790.00	$34,790.00	$33,290.00	$34,790.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

& FLORIDA ASSOCIATION OF COUNTIES

125KW GENERATOR PACKAGE
SPECIFICATION #48

2014 Caterpillar D125

The Caterpillar D125 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$40,295.00	$40,295.00	$40,295.00	$40,350.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

125KW GENERATOR PACKAGE
SPECIFICATION #48

2014 Generac SD125

The Generac SD125 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$29,003.00	$29,003.00	$29,003.00	$29,003.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

TP175-UL-FS [1]	Upgrade generator package - 175KW *Upgrade generator package to 175kwe Perkins TIER compliant engine, 300gal tank, 800amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$8,062.00[1]
T200-UL-FS [1]	Upgrade generator package - 200KW *Upgrade generator package to 200kwe, with TIER compliant engine, 300gal tank, 1000amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$39,946.00[1]
T250-UL-FS [1]	Upgrade generator package - 250KW *Upgrade generator package to 250kwe with TIER compliant engine, 500gal tank, 1000amp breaker, NFPA110controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$40,886.00[1]
T300-UL-FS [1]	Upgrade generator package - 300KW *Upgrade generator package to 300kwe with either TIER compliant engine, 500gal tank, 1200amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$45,736.00[1]
T350-UL-FS [1]	Upgrade generator package - 350KW *Upgrade generator package to 350kwe with either TIER compliant engine, 500gal tank, 1200amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$46,415.00[1]
T400-UL-FS [1]	Upgrade generator package - 400KW *Upgrade generator package to 400kwe with TIER compliant engine, 500gal tank, 1200amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$48,997.00[1]
T450-UL-FS [1]	Upgrade generator package - 450KW *Upgrade generator package to 450kwe with TIER compliant engine, 800 gallon tank, 1600amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$50,946.00[1]
T500-UL-FS [1]	Upgrade generator package - 500KW *Upgrade generator package to 500kwe with TIER compliant engine, 1000 gallon tank, 1600amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$53,089.00[1]
T600-UL-FS [1]	Upgrade generator package - 600KW *Upgrade generator package to 600kwe with TIER compliant engine, 1000 gallon tank, 2000amp breaker, NFPA110 controller, marine grade aluminum enclosure with stainless steel hardware. Unit non-proprietary* [1]	$97,245.00[1]
TP56-TP-FS [1]	Upgrade generator package - specify *Upgrade generator package to 56kwe Total Pac, Perkins/John Deere TIER 3 engine, transfer switch prewired inside marine grade aluminum enclosure, 200amp, stainless steel service disconnects, and 150gal tank UL 142 tank. Unit non-proprietary* [1]	$2,230.00[1]
TP60-TP-FS [1]	Upgrade generator package - specify *Upgrade generator package to 60kwe Total Pac, Perkins/John Deere TIER 3 engine, transfer switch prewired inside marine grade aluminum enclosure, 250amp, stainless steel service disconnects, and 150gal tank UL 142 tank. Unit non-proprietary* [1]	$3,550.00[1]
TP80-TP-FS [1]	Upgrade generator package - specify *Upgrade generator package to 80kwe Total Pac, Perkins/John Deere TIER 3 engine, transfer switch prewired inside marine grade aluminum enclosure, 250amp, stainless steel service disconnects, and 150gal tank UL 142 tank. Unit non-proprietary* [1]	$6,122.00[1]
TP100-TP-FS [1]	Upgrade generator package - specify *Upgrade generator package to 100kwe Total Pac, Perkins/John Deere TIER 3 engine, transfer switch prewired inside marine grade aluminum enclosure, 250amp, stainless steel service disconnects, and 150gal tank UL 142 tank. Unit non-proprietary* [1]	$7,600.00[1]
TJ125-TP-FS [1]	Upgrade generator package - specify *Upgrade generator package to 125kwe Total Pac, Perkins/John Deere TIER 3 engine, transfer switch prewired inside marine grade aluminum enclosure, 400amp, stainless steel service disconnects, and 300gal tank UL 142 tank. Unit non-proprietary* [1]	$21,056.00[1]

125KW GENERATOR PACKAGE
SPECIFICATION #48

2014 Wacker G150

The Wacker G150 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	$66,940.00	$66,940.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. GENERATOR REQUIREMENTS:

    a. Standby duty rated at 150kwe, 187kva, 8 power factor.
    b. Prime power duty rating 135kwe, 168kva, 0.8 power factor.
    c. Main Breaker shall be equipped with shunt trip.
    d. Generator end shall be Direct coupled to the engine flywheel with a flexible coupling.
    e. Generator shall meet performance class G3 of IEC.
    f. Jacket water heater.

2. ENGINE:

    a. 6 cylinder, water cooled, 1800rpm, diesel engine.
    b. Current emission compliant diesel engine.
    c. Spin on fuel and oil filters.

3. VOLTAGE CHANGE OVER SWITCH & DISTRIBUTION:

    a. Manual 3 position voltage change over switch to select each voltage as specified when the unit is not running.
    b. 1ph 120/240, 3ph 120/240, 3ph 120/208, and 3ph 277/480.
    c. A five point connection shall be provided for ease of connection of load leads.
    d. One 50amp, 120/240vac, 1 ph, twist lock receptacle.
    e. One 30amp, 120/240vac, 1 ph, RV type receptacle.
    f. Two 20amp, 120/240vac, 1 ph, duplex receptacle.
    g. Two 20amp, 120/240vac, 1ph, duplex GFI receptacle.
    h. Each receptacle shall be protected by a individual circuit breaker.
    i. A receptacle shall be provided to power both the jacket water heater and on board battery charger.
    j. Two thumb screw type connection points shall be provided for remote auto start.

4. CONTROLS:

    a. Solid state, microprocessor based generator controls.
    b. Controls shall provide all operating, monitoring and control functions for the generator set. Controls shall provide for auto start/stop functions.
    c. A emergency stop push button will be installed.
    d. A voltage adjustment shall be provided in the panel to adjust voltage in all voltage positions.
    e. A switch shall be provided in the panel to turn all power off in the panel if not being used.

5. ENCLOSURE:

a. Complete diesel engine generator set including control panel, engine starting batteries and fuel tank shall be enclosed in a factory assembled weather protective, sound attenuated enclosure. The sound attenuated enclosure noise level is not to exceed 73 – 75dba @ 21 feet.
b. Oil and water drain lines shall be provided and extend to the enclosure wall with valves for easy service.
c. Critical grade silencer.
d. Companion flanges.
e. Flexible exhaust-flex.
f. Keyed alike lockable doors.

6. IN BASE FUEL TANK TRAILER:

a. Trailer shall be DOT approved with proper serial number data plate indicating weight capacity minimum of 10,000lbs.
b. Trailer will have dual axles with torque springs to reduce overall height of package.
c. Standard 7 or 5 pin vehicle hitch receiver to be supplied.
d. Trailer will have two rear level jacks with sand shoes and front leveling jack.
e. Trailer will have hydraulic brakes.
f. Trailer will have all necessary safety equipment to include but not be limited to an adjustable and removable pintle hitch, 30 inch safety chains, fenders, lights per DOT, and break away cable.
g. Tires will be minimum load range type "D" (8 ply rating) with matching steel rims. Rims are to be finish painted.
h. Minimum 8 hour capacity at 75% load rating to determine single wall tank size.
i. A mechanical fuel gauge will be provided.
j. Locking fuel cap.
k. Low fuel level alarm.
l. All necessary vents and caps will be provided along with suction, return, and drain points.

7. BATTERY CHARGER:

a. Battery will be installed in holding container with battery cables.
b. Current limiting battery charger to automatically charge batteries.
c. Charger shall be dual charge rate with automatic switching to boost rate when required.
d. Charger mounted inside generator set package.
e. Fully charged battery will be provided at time of delivery and start-up.

8. START UP & COMMISSIONING:

a. One (1) day start-up including operational test of equipment showing proper connection of cables with safety issues performed by a factory trained technician. The start up technician will instruct personnel how to operate and maintain the equipment in accordance with the manufacturer's requirements.

9. CONDITIONS:

a. In addition to equipment specified, each generator shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following items:
b. All product shall be new and of current design.
c. Initial filling of oil and antifreeze. (diesel fuel by others)
d. During start-up, the technician shall record the following information and provide to owner for his records:
e. Operating Voltage, Hertz, Phase, and connected load (Amperage). [if any]
f. Package information consisting of Make of generator (Cat, Wacker, or Tradewinds), Model (TJ125 TP20, DP125, etc.), Serial number of complete package, and Start-up date.
g. Written Information consisting of make, model, serial number, and start-up date.
h. Record Engine and Generator Serial numbers.
i. One complete set of operation and maintenance manuals.
j. Two (2) year or 1500 hour standard mobile generator warranty will apply. Generator to be transported to authorized servicing dealer for warranty repair during normal business hours.

150KW MOBILE GENERATOR PACKAGE
SPECIFICATION #49

2014 Baldor TS175T

The Baldor TS175T purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$59,167.00	$59,167.00	$59,167.00	$59,167.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

FLORIDA SHERIFFS ASSOCIATION
& FLORIDA ASSOCIATION OF COUNTIES

150KW MOBILE GENERATOR PACKAGE
SPECIFICATION #49

2014 Wacker G180

The Wacker G180 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	-- No bid --	-- No bid --	$82,100.00	$82,100.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

2014 GE Zenith ZTG600
2014 Generac GTS600
2014 Tradewinds TT600

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. AUTOMATIC TRANSFER SWITCH:

    a. Maximum voltage rating of 600Vac, 60hz
    b. 1ph or 3ph
    c. Open transition (break-before-make) transfer logic
    d. Transfer switch must meet the related industry standards:
    e. UL 1008 - Automatic transfer switches for use in emergency systems
    f. CSA - Automatic transfer switches
    g. NEMA - Industrial control and systems AC transfer switch equipment
    h. IEC - Automatic transfer switching equipment

2. RATING:

    a. 600 amp, 3 pole, 277/480vac, 60hz
    b. Enclosure type: NEMA 3r

3. FUNCTIONAL:

    a. The automatic transfer switch shall automatically transfer the load to the generator supply in the event of a utility supply failure and return the load to the utility supply upon restoration. The automatic transfer switch power switching devices shall be mechanically and electrically interlocked to prevent the utility and generator supplies from being interconnected.
    b. All timers should be field adjustable to ensure proper field site compatibility.

4. AUTOMATIC SEQUENCE OF OPERATION:

    a. When the voltage on any phase of the utility supply is below present levels of rated voltage for a preset time delay, a contact shall close to initiate start of the standby generator.
    b. The load shall transfer to the generator supply when the generator voltage and frequency have reached acceptable present levels and the warm-up time delay has expired.
    c. When the utility supply is restores to the above present levels of rated voltage on all phases, load transfer from generator to utility supply shall be initiated following expiry of the utility return timer.
    d. Once the transfer mechanism operates and opens the generator power switching device, the transfer mechanism shall stop in the neutral position (i.e. with the both power switching devices open) for the duration of the neutral delay timer setting to allow load voltage to decay prior to reconnecting the utility supply.
    e. The load shall be re-connected to the utility supply once the neutral delay timer expires and the transfer mechanism continues operation and closes the utility power switching device.
    f. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail

prior to the expiry of the utility transfer delay.

g. The generator set shall continue to operate following a load transfer for a cool down delay period, and then a contact shall open to stop the generator set.
h. An "on load" test mode may be initiated which shall cause a simulated utility failure condition and transfer the load to the generator set. The transfer sequence shall be the same as for a utility power failure except a neutral delay sequence shall occur when transferring from utility to a generator source.
i. The load shall immediately retransfer to the utility supply (if within acceptable limits) should the generator supply fail during an "on load" test mode.

5. FACTORY TESTING:

a. A certified factory test report shall be shipped with each switch at time of shipment.
b. The automatic transfer switch shall be factory tested prior to delivery to the purchaser. The following test shall be conducted by qualified factory personnel:
c. Visual Inspection
d. Mechanical Tests
e. Electrical Tests
f. Final Inspection

6. FIELD TESTING AND COMMISSIONING:

a. The automatic transfer switch shall be field tested once installed at the project site to confirm proper operation of the system. Schedule and witness testing activities shall be coordinated with the project engineer, site contractor, and owner as required in advance of the testing date. A qualified local factory-trained field representative shall conduct the necessary test to ensure proper operation of the switch.
b. Visual Inspection: Electrical and Mechanical inspection to verify the installation is correct as recommended by the transfer switch manufacturer and as per National Electric Code (NEC) requirements.
c. Mechanical Tests: As a minimum, the following mechanical tests shall be performed on the transfer switch:
d. Power conductor torque verification
e. Verification of mechanical interlock
f. Manual ATS Mechanism Operation
g. All Mechanical Fasteners/Wire Connections Tight
h. Confirmations of correct transfer switch voltage, current and withstand ratings as is required for the application.
i. Meggar testing the power cabling to the transfer switch.
j. Verification of correct power cabling phasing and phase rotation prior to energization.
k. Confirmation of settings for all timers & voltages sensors.
l. Full Function test-normal operation – 3 complete cycles of failing the utility supply, and transfer load to/from the generator set.
m. Verification of all test modes operates correctly.

7. CONDITIONS:

a. In addition to equipment specified, each automatic transfer switch shall be equipped with all necessary equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
b. Shrink Wrap applied to the product to ensure a clean finish.
c. One complete set of operation and maintenance manuals.
d. A two (2) year or 1500 hour from date of standard standby warranty will apply from date of successful start-up. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

2014 ASCO Series 300

The ASCO Series 300 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$4,966.00	$4,966.00	$4,966.00	-- No bid --

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

600 AMP AUTOMATIC TRANSFER SWITCH
SPECIFICATION #50

2014 Tradewinds TT600

The Tradewinds TT600 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$4,962.00	$4,962.00	$4,962.00	$4,962.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

ALL ITEMS FACTORY INSTALLED UNLESS OTHERWISE INDICATED

INSTRUCTIONS: Listed above, you will find the model numbers of the vehicles that will be included in this year's contract.

1. DESIGN REQUIREMENTS:

    a. Discharge size: 6 inches
    b. Suction size: 6 inches
    c. Capable of 1750 GPM minimum
    d. Capable of 160 ft. Total Dynamic Head (TDH) minimum
    e. Duty Point, Maximum: 1,000 gallons per minute minimum (GPM) at 120 ft. Total Dynamic Head (TDH)
    f. Impeller Diameter: Manufacturer's standard for pump
    g. Operating Speed Maximum: 2,200 RPM
    h. Solids Handling Size, Maximum: 3 inches

2. ENGINE:

    a. Diesel engine, appropriate to pump size at continuous duty.
    b. Emission compliant engine
    c. Industrial grade exhaust muffler and rain cap
    d. Oil and water drain lines with ball valves
    e. Low water level shutdown switch
    f. 12vdc system with battery rack and cables
    g. 12vdc battery charger
    h. 50 gallon minimum fuel tank with low fuel level alarm and shutdown.

3. PUMP:

    a. Check valve
    b. Impellers
    c. Self priming system

4. CONTROLS:

    a. Solid state, microprocessor based pump controls.
    b. Controls shall provide all operating, monitoring and control functions for the pump set.
    c. Controller will also provide 2 fully programmable contacts for input and output signals accordingly.
    d. Controller will provide remote start stop control with adjustable ramp (speed) time control.
    e. UL 508 R and CSA C22.2 No. 14 approved.

5. TRAILER:

    a. The manufacturer shall mount the diesel engine and pump unit with the above 50 gallon subbase tank on a street legal D.O.T. approved trailer. This trailer will be able to be rated for a safe travel at speeds of 60 mpg and not be limited to

the following specifications:

b. Trailer design shall be such that the County/City may easily remove the entire engine, fuel tank and pump from the trailer.
c. 12vdc electric system
d. Lunette or military type towing ring with safety chains.
e. Hydraulic brakes with reverse dump solenoid.
f. Single point lifting bar.
g. License plate bracket
h. Sand shoe type support stands front and rear.
i. Torque spring axles to meet load of trailer.
j. Full size spare tire.

6. START UP AND COMMISSIONSING:

a. Vendor must coordinate all start up and testing activities with the engineer/owner. After field delivery of the pump and trailer, an authorized factory representative shall perform the initial start up and field testing of the pump and trailer. If conditions permit, a site will be determined where connection will be made by the County/City to test the pump package. If a site cannot be prepared a standard operational test will be performed.
b. At the same time the start up test is performed, the factory representative will provide all necessary operation, field maintenance and minor repair training as necessary. This will also include safety procedures and hazard assessment.

7. CONDITIONS:

a. In addition to equipment specified, each pump package shall be equipped with all standard equipment as specified by the manufacturer for this model and shall include but not be limited to the following necessary items:
b. Initial filling of oil and antifreeze.
c. During the start up, the authorized factory representative shall record and provide the County/City with the engine and pump serial numbers for the owner records. At this time the warranty will begin.
d. One complete set of operations and maintenance manuals.
e. Two (2) year or 1500 hour standard standby pump package warranty. Labor, materials, and travel for the warranty period repair will be paid by manufacturer during normal business hours.

6 INCH MOBILE PUMP PACKAGE
SPECIFICATION #51

2014 Godwin CD150M

The Godwin CD150M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$30,960.00	$30,960.00	$30,960.00	$30,960.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

6 INCH MOBILE PUMP PACKAGE
SPECIFICATION #51

2014 Thompson 6JSCEN-DJDST-45T-M

The Thompson 6JSCEN-DJDST-45T-M purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	Western	Northern	Central	Southern
BASE PRICE:	$32,906.00	$32,906.00	$32,906.00	$32,906.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

6 INCH MOBILE PUMP PACKAGE
SPECIFICATION #51

2014 Tradewinds TPK064750

The Tradewinds TPK064750 purchased through this contract comes with all the standard equipment as specified by the manufacturer for this model and FSA's base vehicle specification(s) requirements which are included and made a part of this contract's vehicle base price as awarded by specification by zone.

ZONE:	★Western	★Northern	★Central	★Southern
BASE PRICE:	$27,113.00	$27,113.00	$27,113.00	$27,113.00

While the Florida Sheriffs Association and Florida Association of Counties have attempted to identify and include those equipment items most often requested by participating agencies for full size vehicles, we realize equipment needs and preferences are going to vary from agency to agency. In an effort to incorporate flexibility into our program, we have created specific add/delete options which allow the purchaser to tailor the vehicle to their particular wants or needs.

The following equipment delete and add options and their related cost are provided here to assist you in approximating the total cost of the type vehicle(s) you wish to order through this program. Simply deduct the cost of any of the following equipment items you wish deleted from the base unit cost and/or add the cost of any equipment items you wish added to the base unit cost to determine the approximate cost of the type vehicle(s) you wish to order.

NOTE: An official listing of all add/delete options and their prices should be obtained from the appropriate dealer in your zone when preparing your order. Additional add/delete options other than those listed here may be available through the dealers, however, those listed here must be honored by the dealers in your zone at the stated prices.

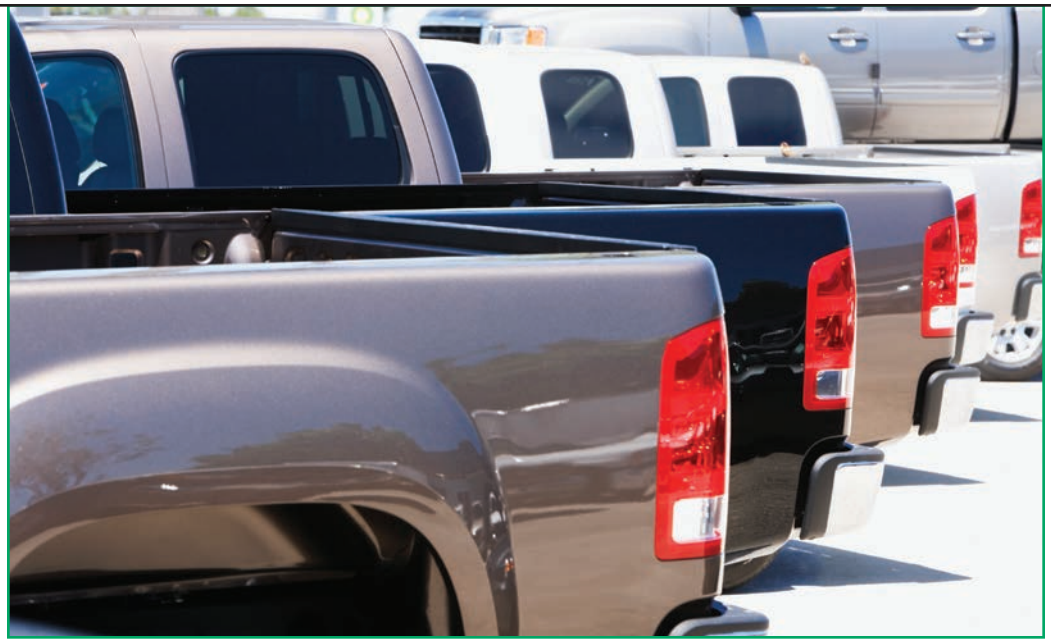
% Discount [1]	Discount percentage off manufacturer's current published retail prices for non-specified options and any optional models bid. This discount ONLY APPLIES to a downgrade or an upgrade to the model listed in this specification. It does not apply to a completely different make or model. (The discount is applied to the manufacturer's current published retail prices.) *The prices quoted are customer net prices. No Further discount is available.* [1]	Std[1]



Specializing in Government Fleets.

With Enterprise Fleet Management, you'll benefit from full-time professionals implementing solutions for your transportation needs. Enterprise provides services that are an asset for the Florida Sheriffs Association.

Local Services
Enterprise provides value-oriented fleet management solutions to help lower fleet costs. We enable you to lower your costs in the areas of fleet management and help bridge your capital budgets to your capital needs.

Vehicle Acquisition
Our new vehicle selection may provide a wider choice than is available through the State.

Funding Programs
With our Municipal Lease or Lease Purchase, we can give you the flexibility of your owned fleet while providing a consistent way of cycling your vehicles at their best economic point. Our flexibility enables you to pay only for your use of the vehicle.

Maintenance Programs
By utilizing fixed cost for maintaining some of your light-duty vehicles, we allow you to focus on your core service needs. We fix the cost of maintaining your fleet needs.

Customized Programs
Working Fleets -Public Works
Administrative Fleets
Law Enforcement
Pool Fleets
Virtual Fleets

Enterprise CarShare®:
- Online Reservations
- Automated Key Dispenser

Mobile Resource Manager
Fuel Card

Enterprise stands ready to compete with what we believe is the best value for your transportation needs.

The Bancorp
Fleet Management and Leasing Network

We have some exciting news!

Mears Motor Leasing is now a part of The Bancorp Fleet Management and Leasing Network.

But it's only our name that's slightly different: our dedication to offering the finest service and broadest range of lease plans available in Florida remains the same.

Whatever your individual or organizational needs may be, we will work closely with you to customize your lease requirements. So whether you're looking for one vehicle, one hundred, one thousand or even more, we have the history and expertise to provide the superior products and service you need.

- Marked Patrol Vehicles
- Administrative Vehicles
- Undercover Vehicles
- Sedans, Pick-up Trucks, SUVs, Vans, SWAT Trucks, Buses, Fire Engines, and all Emergency Response Vehicles
- Over 50 years of experience in Municipal Finance/Leasing and Fleet Leasing
- No fleet or equipment offer too small!
