## HURRICANE SEASON PREPARATION

by: Renee Cooper, Public Works Director

It's hard to believe, but once again Hurricane Season is on the horizon, starting June 1<sup>st</sup> and running through November 30<sup>th</sup>. A blue sky, sunny day is the perfect time to prepare. Here's a checklist to get you ready for the 2025 Hurricane season and a few items that can even help you through those heavy summer rainstorms.

- Check your doors, windows, and walls for areas where water could infiltrate. Re-caulk around doors and windows. Seal any openings where pipes or cables enter through exterior walls.
- Trim trees and shrubs away from exterior walls and away from the roof line. Complete regular pruning of trees (consult the City Arborist or a Certified Arborist with any questions regarding correct pruning of trees).
- The heaviest leaf fall of the season is now over. Clean out gutters, downspouts, and other connected yard drains to prevent water from flooding the roof causing roof damage and potential roof leaks.
- If you have a side yard or rear yard swale for stormwater conveyance away from your home, now is the time to ensure that the swale is clear of any debris, structures, or obstructions that could block the flow of stormwater.
- If you notice a City stormwater inlet on your street that is slow to drain, please contact Public Works at 727-724-1550.
- Clear away any unnecessary yard clutter. Unsecured lawn furniture, toys, plants, etc., can become projectiles during a storm. Clearing now will save time during storm preparation later.
- Assemble your emergency kit; including food, water, batteries, flashlights, first aid kit, fire extinguisher, etc. <https://www.ready.gov/kit>
- Know your evacuation zone! <https://pinellas.gov/evacuation-zone/>
- Review your Family Emergency Plan. Where will you go if you need to evacuate? What is your evacuation route? How will you communicate if cellular service is down? <https://www.ready.gov/plan-form>
- Review your insurance policies; keep policy numbers and phone numbers in a recoverable location.
- Plan for your pets. <https://www.floridadisaster.org/planprepare/pets/>
- Know where to go to get weather updates; weather radio, trusted local news source, [www.weather.gov](http://www.weather.gov), [www.nhc.noaa.gov](http://www.nhc.noaa.gov).

## COLOR MY WORLD – SUMMER READING PROGRAM FOR ALL AGES: WHERE ART & READERS UNITE

by: Lisa Kothe, Library Director

When the bell rings signaling the end of the school year, students can't afford to take long breaks from reading. Studies indicate youth who don't read over the summer, especially reluctant or struggling readers, lose important ground. One of the best places for children to become comfortable with reading is your local library. Beginning June 2 through August 2, we invite readers of all ages to join this year's Color My World summer reading program to prevent the summer reading slide and to read for the fun of it! Logging your reading time is simple, using *Beanstack*, found on our website: [SafetyHarborLibrary.com](http://SafetyHarborLibrary.com), and accessing "Events & Programs," then "Reading Programs." After reading 12 and 24 hours, visit the Children's Desk to collect prizes. Readers who log the most time in each age group win a special prize!

Our children's Summer Reading Kick-Off Party is set for Tuesday, June 2, from 3:00 to 4:30 PM. Terrific Tuesdays, featuring a special performer weekly, kicks off on June 3 and continues through July 29. A big thank you to the Friends of the Safety Harbor Library for sponsoring these programs! Monday Fundays for ages 4-8 are offered at 2:00 PM and story times for all ages continue throughout the summer. Visit our

website for exciting tween and teen programs and check out our former small story time room, now nicknamed The Cube, a revamped space for tweens!

We invite you to cool off this summer in our Children's Wing to enjoy our new enhancements including a puppet theater, Reading Nook Tree, beautiful multimedia mural made of recycled materials, train table, and expanded educational toys in the Imaginative Play Area, including a light table! We've also added two AWE Learning Computers to inspire literacy focused digital learning readiness.

Since we don't think kids should have all the fun, adults too can join our art inspired summer reading program and be eligible for great prizes, also by tracking their reading in *Beanstack*. Visit our website or follow-us on social media for information on all our adult programs. We invite you to kick back and cool off this summer at the library with a new book!
