BACK TO SCHOOL TIPS & REMINDERS *by: Mayor Joe Ayoub*

The new school year is just around the corner, and we know what that means... back to homework, clubs and afterschool practices, and school buses and traffic. To get us off to a smooth start, I wanted to give you some reminders and tips and tell you about programs you may not have known about.

TRAFFIC TIPS

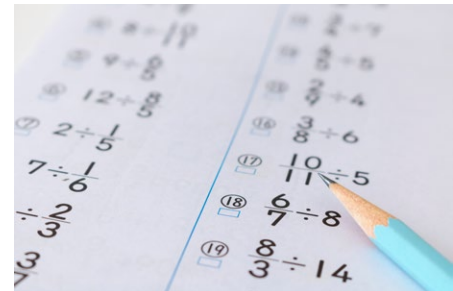

When school starts on August 10, we'll be back to more traffic, school zones, and school buses. Let's check out some safety tips from Florida Highway Safety and Motor Vehicles:

- Be alert and watch for children especially near schools, bus stops, school buses, and in school parking lots.
- Children on bicycles can be unpredictable and can make sudden changes in direction. Be especially careful when children are present in school zones and residential areas.
- Pay extra attention to lower speed limits in school zones.
- Watch for and obey signals from school crossing guards.
- Motorists are required to stop when approaching a school bus that is stopped with its red lights flashing and STOP arms extended.

HOMEWORK HELP & TEST PREP

Now that we've gotten to and from school safely, it's time for homework and studying! If your student needs help with their homework, test prep, or other school projects, look no further than the Safety Harbor Public Library. Homework Help with Teen Volunteers starts in September on Wednesdays from 3:00 – 6:00 PM for Kindergarten through 8th grade. Teen Volunteers will be at the library to help students with homework on a first come, first served basis.

For high school students, the library offers free SAT and college prep classes. You can find out more about these programs by searching the library's event website at events.safetyharborlibrary.org.

Another great resource through the library is the Florida Electronic Library at felibrary.com. Available for free, it has many educational resources for all grade levels to help with homework and other assignments. One example is *Kids InfoBits* which features a subject-based topic tree search and full-text, age-appropriate, curriculum-related magazine, newspaper, and reference content for information on current events, the arts, science, health, people, government, history, sports, and more.

WEEKEND FOOD FOR KIDS

Did you know that many children who rely on school breakfast and lunch often don't have food to eat on the weekends? The Mattie Williams Neighborhood Family Center provides weekend food packs with ready-to-eat items for children. The Center partners with The Kind Mouse to distribute food to local kids. To find out more about this program, visit munfc.org or call 727-791-8255.

LUNCH PALS MENTORING

If you've ever wanted to give back into a child's life, but thought you didn't have time, you should check out the Lunch Pals Mentoring program. The Lunch Pals program pairs mentors with a student, and the two meet at the child's school for 30 minutes a week during their lunch period. This a time for the mentor to get to know their mentee and spend time talking or doing activities. Many mentors form bonds with their mentees that keep them meeting year-after-year as the child progresses through school. You can find more information about this program at www.pcsb.org/lunchpals.

We look forward to a safe, healthy school year and hope you find these resources helpful.

AROUND SAFETY HARBOR

WHEN TO CALL 911

by: *Andrew Portale, Firefighter/Paramedic*

Most folks will never need to hail emergency services; regardless, Safety Harbor Fire Department and our community partners are ready to respond day or night, year-round. Dialing 911 may seem intimidating, and some find the threshold for emergency services to be very high. In emergencies, time is precious and often dictates the outcome. Today, we'll differentiate between when to dial 911 versus contacting the fire station directly.

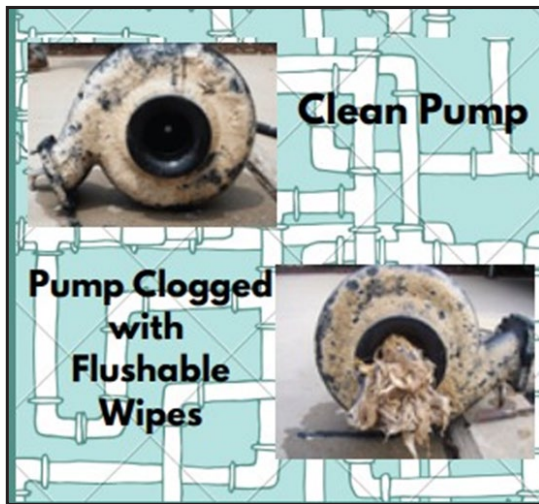

When faced with a life-threatening situation such as a fire, medical crisis, or other dangerous situation, do not hesitate to dial 911. Pinellas County has a robust emergency response plan that dispatches the closest available unit (Fire, EMS, Law Enforcement) to the scene and can even provide life-saving guidance in the interim.

Conversely, many non-emergency situations should be directed to your local fire station by phone or in person. Situations may include asking general questions (e.g., hazardous material disposal), reporting non-urgent concerns (neighbor's fire pit is safe yet burdensome), or requesting help to investigate a chirping smoke detector. The bottom line is every firefighter lives to serve the community, but we must ensure an appropriate unit response and remain prepared for true emergencies.

We hope this distinction helps clarify any ambiguity around contacting emergency services. Please contact our station at (727)-724-1520 with any questions, comments, or concerns.

WHERE DOES OUR WASTEWATER GO?

by: *Renee Cooper, Public Works Director*

Have you ever wondered where the water goes after you flush the toilet, drain the bathtub, or run the dishwasher? The wastewater from your home or business travels through your private plumbing lines and into a sewer lateral connected to a gravity sewer main. Gravity sewer systems connect to pump stations. Pump stations lift the wastewater that cannot be naturally carried by gravity and push it through a force main pipe to the next section of gravity sewer. All of the City's wastewater ends up the City of Clearwater's Northeast Water Reclamation Facility. The City maintains 25 pump stations and over 74 miles of sanitary sewer piping.

How can you help? Please do not dispose of the following in any drains, including the toilet:

- Napkins
- Flushable Wipes
- Paper Towels
- Cotton Balls
- Dental Floss
- Feminine Products
- F.O.G (Fats/Oils/Grease)

Disposing of items in the sanitary sewer system can cause costly back-ups in your private home or business as well as in the City's sewer mains and pump stations. Clogs or back-ups as a result of items like flushable wipes and F.O.G. in the City's system can cause a sanitary sewer overflow (SSO) which is a reportable incident to FDEP (Florida Department of Environmental Protection) and could cause harmful bacteria to enter into the stormwater/surface water system. Call Public Works First! If you suspect a blockage in your sewer lateral, call Public Works at 727-724-1550.

Questions?

MEET THE DIVERSITY ADVISORY BOARD

by: Terri Kearnes, Human Resources Director

Members of DAB with Commissioner Besore at the Black History Celebration

six celebration months that would be recognized throughout the year by raising a flag at City Hall for the designated month paired with educational "Did You Know?" campaigns for each of the months. The celebration months include Black History, Women's History, Asian American Pacific Islander, Pride, Hispanic Heritage, and Native American Heritage.

DAB meets in the City Commission Chambers at City Hall on a regular basis, and meetings are open to the public. If you'd like more information on this board, you can visit cityofsafetyharbor.com/815/Diversity-Advisory-Board or contact City Board Liaison, Terri Kearnes at tkearnes@cityofsafetyharbor.com or call 727-724-1555 x1407.

Do you know about Safety Harbor's Diversity Advisory Board? The Diversity Advisory Board, or DAB for short, was formed in 2020 with the purpose of making Safety Harbor a welcoming and inclusive community that respects all residents, gives them full access to resources, and promotes equal treatment and opportunity, and engages residents in decision-making processes that affect their lives. DAB is made up of seven Safety Harbor residents who are committed to and passionate about this purpose.

Over the last three years, DAB has been active in the community hitting the streets on weekends and going door-to-door in different neighborhoods to talk to residents about different programs, events, and resources that are available to them. They've hosted or assisted with events throughout the City including diversity celebrations and Community Police Officer Meet and Greet events.

When the Board was created, the City Commission approved

DAB Member (L) & Board Liaison (R) accepting proclamation from Mayor Ayoub

SAFETY HARBOR PUBLIC LIBRARY

CHECK OUT WHAT THE LIBRARY HAS TO OFFER *by: Lisa Kothe, Library Director*

Welcome to the Dog Days of Summer. Libraries are cool when it's hot outside and we're not just talking about the temperature. Check out just some of the cool things the library offers. For more information on these and other programs, visit SafetyHarborLibrary.com or call the Answers Desk, 725-1525 x4112. We're happy to help.

1. Stream and download with Hoopla and Kanopy

You may have Netflix, but Hoopla is free with your library card and provides free access to thousands of movies, TV shows, music, audiobooks, eBooks, and comics.

2. Libby – Digital Content

It has a cute name, but don't let that fool you. Libby is your resource for digital eBooks, eMagazines, audiobooks and streaming video on your favorite device. Perfect to take with you on your summer vacation!

3. Free Museum Passes

Planning a staycation? Thanks to partnerships with thirteen local museums, the library offers free family admissions. Check out our museum passes available on a first come, first serve basis.

4. Borrow Things

The library has board games to check out for family game nights, pickleball racquets so you can try out the fastest growing sport on one of Safety Harbor's courts and ukuleles so you can learn to play. There are WIFI hot spots, themed Reading Adventure Backpacks and STEAM kits for kids.

5. Borrow Tools

Planning a summer DIY project? Check out the tool library before you buy. From miter and tile saws, to drills, pressure washers and garden tools, we probably have what you need.

6. Home Delivery

Are you unable to get to the library or know a resident who can't due to illness, disability, or injury? Our outreach librarian can suggest books, DVDs, and magazines, and deliver and pick up from your home.

7. Wall Street Journal

Can't get past the paywall to read the WSJ? Create an account through the library website for access to unlimited articles on WSJ.com and in the Wall Street Journal app.

8. Learn a Language

Planning a trip or simply want to brush up on your high school French, Pronunciator is for you. It's available online where you can choose one of 164 available languages, including ASL and learn using creative, effective techniques.

9. Start a Garden

Not much grows well by seed in the Florida summer, but you can visit the Seed Library and start your bean, okra, squash, and pumpkin fall harvest.

10. Borrow Books

We can't forget why libraries started in the first place. We have books for all ages and genres. Place a hold on popular books and you'll be notified when items are available or stop in and browse. There are reading programs for all ages throughout the year where you can win prizes, just for doing what you love.

We work hard to remain current to serve the needs of our community. If you haven't been here in a while, stop by or visit our website for our schedule of programs for all ages. Your kids can even practice their reading to a dog. It doesn't get better than that!

SAFETY HARBOR RECREATION

SAFETY HARBOR IS READY FOR PARKS AND RECREATION MONTH...
JOIN US THIS JULY AS WE CELEBRATE WHERE COMMUNITY GROWS!

by Andrea Norwood, Leisure Services Director

Since 1985, July has been celebrated as the nation's official Park and Recreation Month. Created by the National Recreation and Park Association (NRPA), Park and Recreation Month specifically highlights the essential and powerful role local park and recreation professionals, such as our staff in Safety Harbor, play in building stronger, more vibrant and more resilient communities all across the country.

This July, we will celebrate the vital role park and recreation professionals play in bringing people together, providing essential services, and fostering the growth of our communities. In Safety Harbor, you can celebrate Park and Recreation Month by visiting a park or playground, participating in a class or program, or attending one of the many special events. July is the perfect time to share how our parks and recreation professionals in Safety Harbor contribute to the overall health, well-being, and growth of our community. We encourage everyone in Safety Harbor to come celebrate the power of parks and recreation with us this July.

Leisure Services (Safety Harbor Parks and Recreation) prides itself on the large variety of program and event offerings and even more so on the various park setting experiences. Every city park in Safety Harbor has a different experience, whether it be the various types of playground equipment, hiking/walking trails, flora and fauna, athletic venues, or picturesque scenery – there's something for everyone. More specifically, you're invited to the **Summer Carnival** on July 14, hosted at Safety Harbor City Park from 12:00PM–3:00PM, or stop by and share your ideas, stories or questions for staff at **Lunch with Leisure Services** on July 15, at the Gazebo on Main Street between 10:00AM–12:00PM.

In today's hectic world, it's easy to forget that taking time to enjoy each day is so important to our health and well-being. Safety Harbor Leisure Services is committed to ensuring that every resident and visitor can experience outstanding recreational activities and park facilities that enhance our quality of life by helping us stay healthy and fit, build relationships with family and friends, and develop a sense of community pride. So, please join us in celebrating July as Park and Recreation Month.

WHEN IT RAINS, IT DRAINS.

Stormwater can pick up debris, chemicals, dirt, and other pollutants and flow into a storm sewer system that discharges to our local waterbodies. Help prevent stormwater pollution and drainage issues by following these simple steps:

- Pick up pet waste. Pet waste contains bacteria.
- Do not over fertilize or apply pesticides during the rainy season. Note, Pinellas County has a Fertilizer Ordinance that bans sale and use of certain fertilizers from June 1st-Sept. 30th.
- Do not blow yard clippings or leaves into the street. Once these enter the stormwater system they can clog storm drains and pipes causing flooding as well as causing harm to aquatic life once washed into the waterways.
- Do not drain your pool into the roadway/storm drain. Chlorine and saltwater can kill fish and pollute waterways. Drain pools into a vegetated area.

MISSED GARBAGE/RECYCLING PICK-UP?

Depending upon the address, residential garbage/yard waste/bulk pick-up occurs on Mondays, Tuesdays, and Wednesdays. Recycling occurs on Thursdays and Fridays. To avoid missed pick-ups follow these simple steps:

- Properly prepare garbage by placing trash in the City provided can. No more than 10 bulk items can be placed at the curb. Place bins and items 3' from cars and mailboxes. Bundle/tie yard waste items. Place loose yard waste in the City issued can or a 32-gallon can.
- Do not place brush, plastic bags, plastic wrap, batteries, or trash in the recycling bins. Only place clean, recyclables in the recycling bin.
